

A photograph of an industrial facility, possibly a recycling plant, showing a large pile of cardboard boxes and other debris. A speech bubble points to a specific area, indicating it is not suitable for overflow. The background shows more industrial structures and equipment.

Only possible area for  
external pumps/tank.  
Not feasible as used for  
overflow area.

External cooler for  
hydraulic oil

To Pusher  
Table

To Pump  
Room

Opening with metal  
plate. Actual opening  
around 2' x 5'
