Trademarks Application Advertisements
TRADE MARKS ACT 1974

GOVERNMENT NOTICE NO.: 98

Notice is hereby given that a person who has grounds of Opposition to the registration of any of the Marks advertised herein, according to the Classes under the heading "Trademark Applications advertised before Registration", may within two months from the date of this publication, lodge with the Registrar, Notice of Opposition in writing in duplicate accompanied by a fee of \$185 payable either by cheque made payable to the Accountant General, by cash or by Revenue Stamp obtainable at the Office of the Accountant General.

N.B. All trademarks are published under the NICE CLASSIFICATION (Tenth Edition) NCL (10)

TRADEMARKS APPLICATIONS ADVERTISED BEFORE REGISTRATION
Applications for registration in Part A of the Register

BMW ALPINA

Trade Mark Application No. 60567

Class 12: Automobiles; apparatus for locomotion by land; engines for land vehicles; motors for land vehicles; parts and fittings for vehicles except wheels for motorcycles and bicycles; all included in Class 12.

BAYERISCHE MOTOREN WERKE AKTIENGESELLSCHAFT, Petuelring 130, 80809 Munich, Germany - 09/09/2022. Address for service is: Firstmark Ltd., 8 Oleander Lane, Devonshire DV 06, Bermuda.

EIGHT RESERVE BY 818

Trade Mark Application No. 61247

Class 33: Distilled spirits; all included in Class 33.

K & SODA, INC., 9 Lagorce Circle, Miami Beach, FL 33141, United States of America - 01/06/2023. Address for service is: ImPact Trademark Services LLC, 12 Cemetery Road, Pembroke, HM07, Bermuda.

Trade Mark Application No. 63265

Class 1: Chemicals for use in industry, science and photography, as well as in agriculture, horticulture and forestry; Unprocessed artificial resins; fire extinguishing and fire prevention compositions; Soldering preparations; substances for tanning animal skins and hides; adhesives for use in industry; putties and other paste fillers; compost, manures, fertilizers; biological preparations for use in industry and science; degreasing preparations for use in manufacturing processes; cleaning solvents for use in manufacturing processes; chemical cleaning agents for use in industrial manufacturing processes; Soldering pastes; soldering chemicals; detergents for cleaning use [part of manufacturing operations]; desiccants for absorbing moisture; raw materials [chemical] for washing and cleaning preparations; Starch for industrial purposes; unprocessed plastics; tempering preparations; solder fluxes.

Class 2: Paints, varnishes, lacquers; preservatives against rust and against deterioration of wood; colorants, dyes; inks for printing, marking and engraving; raw natural resins; metals in foil and powder form for use in painting, decorating, printing and art; anti-corrosive preparations.

Class 3: Non-medicated cosmetics and toiletry preparations; non-medicated dentifrices; perfumery, essential oils; bleaching preparations and other substances for laundry use; cleaning, polishing, scouring and abrasive preparations. preparations for conditioning, cleaning, tinting, dyeing, bleaching, fixing and waving of hair. Skincare preparations and substances; creams and lotions; Cleaning preparations; Polishing preparations; Scouring preparations; Abrasive preparations; Adhesive removers; degreasers, other than for use in manufacturing process.

Class 4: Industrial oils; Industrial grease; Industrial wax; lubricants; dust absorbing, wetting and binding compositions; fuels and illuminants; Wicks for candles for lighting.

Class 5: Pharmaceuticals; Medical preparations; veterinary preparations; sanitary preparations for medical purposes; dietetic food and substances adapted for medical or veterinary use, food for babies; dietary supplements for human beings and animals; plasters, materials for dressings; material for stopping teeth, dental wax; disinfectants; preparations for destroying vermin; fungicides; herbicides; air freshening preparations; Agents for deodorizing ambient air, deodorizing agents, not to be used by human beings or animals; agents for neutralizing and cleaning ambient air; chemical preparations for cleaning and refreshing ambient air; Insecticides, insect repellents, insect attractants, adhesives and/ or adhesive strips for catching insects; insect repellents for disruption or inhibition of mating of insects; parasitocides and antiparasitic preparations.

Class 9: Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signaling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; mechanisms for coin-operated apparatus; cash registers, calculating devices; computers and computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; fire-extinguishing apparatus; Electrical dosage dispensers and application equipment especially for adhesives and coatings and for removing old paints and coatings; Online software in the nature of downloadable computer software for use in three dimensional scanning and printing of objects; printing and imaging software, namely, computer software for the three-dimensional scanning of objects, editing of such images, and operating and managing three dimensional printers that print such images; imaging hardware, namely, three dimensional (3D) scanners and three-dimensional (3D) capture platforms; Computer software that provides web-based access to applications and services for print management; Downloadable and recorded virtual goods for use online and in online virtual environments, namely software in relation to adhesive products, perfumery products, toiletry articles, cosmetic products, make-up, skincare products, preparations for body care and facial care products, haircare products and hair coloring products, pharmaceutical preparations,

sanitary preparations, dietary supplements for human beings, plasters and material for dressing, disinfectants; downloadable digital files authenticated by non-fungible tokens (NFTs), namely in relation to adhesive products, perfumery products, toiletry articles, cosmetic products, make-up, skincare products, preparations for body care and facial care products, haircare products and hair coloring products, pharmaceutical preparations, sanitary preparations, dietary supplements for human beings, plasters and material for dressing, disinfectants; downloadable games and interactive entertainment software for use with a global computer network, wireless networks and electronic apparatus of all kinds; downloadable software for access to social networks and interaction with online communities; downloadable software for access to and streaming multimedia entertainment content; downloadable software for providing access to an online virtual environment; downloadable software for the creation, production and modification of digital animated and non-animated characters and designs, avatars, digital chroma keying and skins for access and use in online environments, virtual online environments and extended virtual reality environments; downloadable multimedia files containing artwork, text, audio, and video relating to adhesive products, perfumery products, toiletry articles, cosmetic products, make-up, skincare products, preparations for body care and facial care products, haircare products and hair coloring products, pharmaceutical preparations, sanitary preparations, dietary supplements for human beings, plasters and material for dressing, disinfectants; near field communication tokens; security tokens (encryption devices); downloadable mobile applications for ordering products in relation to adhesive products, perfumery products, toiletry articles, cosmetic products, make-up, skin-care products, preparations for body care and facial care products, products for hair care and hair coloring products, pharmaceutical preparations, sanitary preparations, dietary supplements for human beings, plasters and material for dressing, disinfectants; near field communication tags for interacting with mobile applications to obtain information in relation to adhesive products, perfumery products, toiletry articles, cosmetic products, make-up, skincare products, preparations for body care and facial care products, haircare products and hair coloring products, pharmaceutical preparations, sanitary preparations, dietary supplements for human beings, plasters and material for dressing, disinfectants; near field communication tags for product promotion and authentication in relation to adhesive products, perfumery products, toiletry articles, cosmetic products, make-up, skincare products, preparations for body care and facial care products, haircare products and hair coloring products, pharmaceutical preparations, sanitary preparations, dietary supplements for human beings, plasters and material for dressing, disinfectants.

Class 16: Paper and cardboard; printed matter; bookbinding material; photographs; Office requisites, except furniture; adhesives for stationery or household purposes; drawing materials; materials for artists; paintbrushes; instructional and teaching materials; plastic sheets for wrapping and packaging; plastic films for wrapping and packaging; Plastic bags for wrapping and packaging; printers' type; printing blocks; stationery.

Class 17: Unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials; plastics and resins in extruded form for use in manufacture; packing, stopping and insulating materials; flexible pipes, tubes and hoses, not of metal; Insulating tapes, adhesive tapes, strips, bands and films; seals, sealants and fillers; sealing membranes (non-metallic); membranes and semi-processed synthetic filtering materials.

Class 19: Materials, not of metal, for building and construction; rigid pipes, not of metal, for building; asphalt, pitch, tar and bitumen; transportable buildings, not of metal; monuments, not of metal; roofing membrane, bituminous sealing membranes, bituminous coatings for roofing; plaster; cement plaster; mortar, concrete, cement, asphalt, pitch, bitumen, screed, mastics, coatings (building material), grouting material, levelling compound.

Class 37: Construction services; Roof installation services; Pipe installation services; Installation services of working and building platforms; Rental of cleaning and washing and drying machines and equipment; Rental of construction, demolition, cleaning and maintenance machines and equipment; Rental of tools for building, construction, demolition, cleaning and maintenance; rental of equipment for charging of batteries and power storage devices; Assembly services relating to the installation of machines, machine tools and automatic systems for treating and processing metals; Maintenance services in relation to buildings, roofing, pipelines, construction and building machines and equipment; Pipeline installation and maintenance; Oil and gas drilling services; Mining extraction; Dry cleaning; Cleaning of clothing; Washing, cleaning and disinfecting of clothing, carpets, upholstering, curtains, blankets, decorative fabrics, leather and textiles of all kinds; Washing and Linen ironing; Laundry care.

HENKEL AG & CO. KGAA, Henkelstraße 67, 40589 Düsseldorf, Germany - 16/12/2025.
Address for service is: **Cox Hallett Wilkinson Limited, Cedar House, 3rd Floor, 41 Cedar Avenue, Hamilton HM12, Bermuda.**

Trade Mark Application No. 63273

Disclaimer: The Registration of this Mark shall give no right to the exclusive use of the abbreviation of "BDA" (BERMUDA).

Class 41: Education; providing of training; entertainment; sporting and cultural activities, online publication of electronic books and journals, and non-downloadable publications of electronic books and journals, all included in Class 41.

EUGENIA LOVETTE ROBINSON, East Lower Apt, 15 Boundary Crescent, Devonshire FL02, Bermuda - 24/12/2025. Address for service is: Eugenia Lovette Robinson, East Lower Apt, 15 Boundary Crescent, Devonshire FL02, Bermuda.

BERMUDA PRAYER CENTER

Trade Mark Application No. 63275

Disclaimer: The Registration of this Mark shall give no right to the exclusive use of the word "BERMUDA"

Class 41: Education; providing of training; entertainment; sporting and cultural activities.

Class 45: Legal services; security services for the physical protection of tangible property and individuals; dating services, online social networking services; funerary services; and babysitting.

EUGENIA LOVETTE ROBINSON, East Lower Apt, 15 Boundary Crescent, Devonshire FL02, Bermuda - 24/12/2025. Address for service is: Eugenia Lovette Robinson, East Lower Apt, 15 Boundary Crescent, Devonshire FL02, Bermuda.

VANISH

Trade Mark Application No. 63298

Class 3: Laundry detergents; laundry additives for water softening; laundry bleach; laundry boosters; laundry whiteners; garment whiteners; laundry blueing; laundry brightener; laundry pre-soak; laundry stain removers; laundry starch; stain removing preparations; carpet cleaners and carpet shampoos; stain removing preparations for fabrics and carpets.

RECKITT BENCKISER VANISH B.V., Schiphol Boulevard 267 Schiphol, The Netherlands - 21/01/2026. Address for service is: Cox Hallett Wilkinson Limited, Cedar House, 3rd Floor, 41 Cedar Avenue, Hamilton HM12, Bermuda.

ARC

Trade Mark Application No. 63376

Class 9: Downloadable computer programs for processing, verifying, trading, and managing cryptocurrency using blockchain technology; Downloadable software for processing, verifying, trading, and managing cryptocurrency using blockchain technology; Recorded software for processing, verifying, trading, and managing cryptocurrency using blockchain technology; Recorded computer programs for processing, verifying, trading, and managing cryptocurrency using blockchain technology; Downloadable computer software for managing smart contracts using blockchain technology; Downloadable application programming interface (API) software for collecting, verifying, and transmitting information via a blockchain data feed to smart contracts; Downloadable computer software for collecting, verifying, and transmitting information via a blockchain data feed to smart contracts; Downloadable computer software for financial transaction and electronic payment

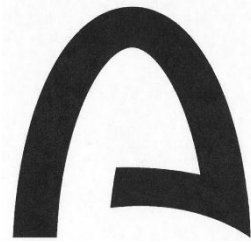

services; Downloadable software for blockchain-based inventory management; Cryptocurrency hardware wallets; Downloadable computer software for accessing, reading, and tracking information in the field of financial transactions on a blockchain; downloadable software in the nature of a mobile application for trading, updating, clearing, storing, settlement, custody, investment and processing of digital assets, namely, digital currencies, digital coins, tokens, and cryptocurrencies; downloadable computer software for use as a cryptocurrency wallet; Software, namely, downloadable digital assets, virtual currency, digital currencies, digital tokens of value, digital coins of value, and cryptocurrency; Digital assets, namely, digital currencies, cryptocurrency, and stablecoins; Downloadable cryptographic keys for receiving and spending crypto assets; Downloadable digital assets, namely, virtual currency, digital currency, digital tokens of value, digital coins of value, and cryptocurrency; Software for digital and virtual currency, merchant services, exchange of digital and virtual currency to traditional currency, acquiring digital and virtual currency, the use of digital and virtual currency electronically, and the use of digital and virtual currency as an alternative to traditional currency to obtain goods or services.

Class 36: Cryptocurrency exchange services featuring blockchain technology; Blockchain-based payment verification services; Providing online share price information to blockchain-based smart contracts; Providing information in the field of cryptocurrency exchange price quotations via a blockchain data feed to smart contracts; Providing online share price information via a blockchain data feed to smart contracts; Financial transaction services, namely, virtual currency transaction services for transferrable electronic cash equivalents; Financial transaction services, namely, providing electronic transfer of virtual currency; Electronic funds transfer services; Electronic funds transfer, namely, electronic transmission of digital currency via electronic communications networks and electronic devices; Electronic transmission of data, namely, digital currency via electronic communication networks and electronic device; Providing electronic processing of electronic payments via a global computer network; Electronic transfers of money; Cryptocurrency investment services; Cryptocurrency trading services; Cryptocurrency brokerage services; Financial services, namely, cryptocurrency portfolio management services; Electronic credit and debit transactions, namely, providing electronic processing of cryptocurrencies; Cryptocurrency payment processing; Financial intermediary services, namely, facilitating the channeling of funds between lenders and borrowers by connecting those with a financial surplus with those having a financial deficit; Virtual currency exchange services; Financial exchange of crypto assets; Financial exchange of

cryptocurrency via decentralized exchanges (DEXs); Cryptocurrency staking services in the nature of cryptocurrency payment and funds verification; Issue and redemption of tokens of value.

Class 42: Providing user authentication services using blockchain-based software technology for cryptocurrency transactions; Providing temporary use of on-line non-downloadable software for generating cryptographic keys for receiving and spending cryptocurrency; Providing temporary use of on-line non-downloadable software for processing, verifying, trading, and managing cryptocurrency transactions on a blockchain; Providing temporary use of on-line non-downloadable software for accessing, reading, and tracking information in the field of cryptocurrency transactions on a blockchain; Authentication of data in the field of cryptocurrency; Customizing, maintaining, and updating computer software used by others to develop blockchain-based software applications; Providing temporary use of online, non-downloadable application programming interface (API) software for collecting, verifying, and transmitting information via a blockchain data feed to smart contracts; Platform as a service featuring computer software platforms for managing investments, purchasing and selling of blockchain-based technologies in the nature of cryptocurrency; platform as a service featuring computer software platforms for account-to-account transfers of cryptocurrency; providing technological information in the field of cryptocurrency; electronic storage of cryptocurrency for others; application service provider featuring application programming interface (API) software for blockchain-based cryptocurrency transactions and uses; Providing temporary use of online, non-downloadable software for processing cryptocurrency transactions and managing smart contracts using blockchain technology; Providing temporary use of on-line non-downloadable web-based software applications and web-based decentralized applications for cryptocurrency trading, for managing cryptocurrency transactions using blockchain technology, and for managing and verifying cryptocurrency transactions on a blockchain; Mining of cryptocurrency; software as a service (SaaS) services featuring software for trading, updating, clearing, storing, settlement, custody, investment and processing of digital assets, namely, digital currencies, digital coins, tokens, and cryptocurrencies; platform as a service (PaaS) services featuring computer software platforms for trading, updating, clearing, storing, settlement, custody, investment and processing of digital assets, namely, digital currencies, digital coins, tokens, and cryptocurrencies; providing temporary use of on-line non-downloadable software for use as a cryptocurrency wallet.

CIRCLE INTERNET GROUP, INC., One World Trade Center, 87th Floor, New York, NY 10007, United States of America - 05/03/2026. Address for service is: Conyers Dill & Pearman Limited, Clarendon House, 2 Church Street, Hamilton HM CX, Bermuda.

Trade Mark Application No. 63377

Class 9: Downloadable computer programs for processing, verifying, trading, and managing cryptocurrency using blockchain technology; Downloadable software for processing, verifying, trading, and managing cryptocurrency using blockchain technology; Recorded software for processing, verifying, trading, and managing cryptocurrency using blockchain technology; Recorded computer programs for processing, verifying, trading, and managing cryptocurrency using blockchain technology; Downloadable computer software for managing smart contracts using blockchain technology; Downloadable application programming interface (API) software for collecting, verifying, and transmitting information via a blockchain data feed to smart contracts; Downloadable computer software for collecting, verifying, and transmitting information via a blockchain data feed to smart contracts; Downloadable computer software for financial transaction and electronic payment services; Downloadable software for blockchain-based inventory management; Cryptocurrency hardware wallets; Downloadable computer software for accessing, reading, and tracking information in the field of financial transactions on a blockchain; downloadable software in the nature of a mobile application for trading, updating, clearing, storing, settlement, custody, investment and processing of digital assets, namely, digital currencies, digital coins, tokens, and cryptocurrencies; downloadable computer software for use as a cryptocurrency wallet; Software, namely, downloadable digital assets, virtual currency, digital currencies, digital tokens of value, digital coins of value, and cryptocurrency; Digital assets, namely, digital currencies, cryptocurrency, and stablecoins; Downloadable cryptographic keys for receiving and spending crypto assets; Downloadable digital assets, namely, virtual currency, digital currency, digital tokens of value, digital coins of value, and cryptocurrency; Software for digital and virtual currency, merchant services, exchange of digital and virtual currency to traditional currency, acquiring digital and virtual currency, the use of digital and

virtual currency electronically, and the use of digital and virtual currency as an alternative to traditional currency to obtain goods or services.

Class 36: Cryptocurrency exchange services featuring blockchain technology; Blockchain-based payment verification services; Providing online share price information to blockchain-based smart contracts; Providing information in the field of cryptocurrency exchange price quotations via a blockchain data feed to smart contracts; Providing online share price information via a blockchain data feed to smart contracts; Financial transaction services, namely, virtual currency transaction services for transferrable electronic cash equivalents; Financial transaction services, namely, providing electronic transfer of virtual currency; Electronic funds transfer services; Electronic funds transfer, namely, electronic transmission of digital currency via electronic communications networks and electronic devices; Electronic transmission of data, namely, digital currency via electronic communication networks and electronic device; Providing electronic processing of electronic payments via a global computer network; Electronic transfers of money; Cryptocurrency investment services; Cryptocurrency trading services; Cryptocurrency brokerage services; Financial services, namely, cryptocurrency portfolio management services; Electronic credit and debit transactions, namely, providing electronic processing of cryptocurrencies; Cryptocurrency payment processing; Financial intermediary services, namely, facilitating the channeling of funds between lenders and borrowers by connecting those with a financial surplus with those having a financial deficit; Virtual currency exchange services; Financial exchange of crypto assets; Financial exchange of cryptocurrency via decentralized exchanges (DEXs); Cryptocurrency staking services in the nature of cryptocurrency payment and funds verification; Issue and redemption of tokens of value.

Class 42: Providing user authentication services using blockchain-based software technology for cryptocurrency transactions; Providing temporary use of on-line non-downloadable software for generating cryptographic keys for receiving and spending cryptocurrency; Providing temporary use of on-line non-downloadable software for processing, verifying, trading, and managing cryptocurrency transactions on a blockchain; Providing temporary use of on-line non-downloadable software for accessing, reading, and tracking information in the field of cryptocurrency transactions on a blockchain; Authentication of data in the field of cryptocurrency; Customizing, maintaining, and updating computer software used by others to develop blockchain-based software applications; Providing temporary use of online, non-downloadable application programming interface (API)

software for collecting, verifying, and transmitting information via a blockchain data feed to smart contracts; Platform as a service featuring computer software platforms for managing investments, purchasing and selling of blockchain-based technologies in the nature of cryptocurrency; platform as a service featuring computer software platforms for account-to-account transfers of cryptocurrency; providing technological information in the field of cryptocurrency; electronic storage of cryptocurrency for others; application service provider featuring application programming interface (API) software for blockchain-based cryptocurrency transactions and uses; Providing temporary use of online, non-downloadable software for processing cryptocurrency transactions and managing smart contracts using blockchain technology; Providing temporary use of on-line non-downloadable web-based software applications and web-based decentralized applications for cryptocurrency trading, for managing cryptocurrency transactions using blockchain technology, and for managing and verifying cryptocurrency transactions on a blockchain; Mining of cryptocurrency; software as a service (SaaS) services featuring software for trading, updating, clearing, storing, settlement, custody, investment and processing of digital assets, namely, digital currencies, digital coins, tokens, and cryptocurrencies; platform as a service (PaaS) services featuring computer software platforms for trading, updating, clearing, storing, settlement, custody, investment and processing of digital assets, namely, digital currencies, digital coins, tokens, and cryptocurrencies; providing temporary use of on-line non-downloadable software for use as a cryptocurrency wallet.

CIRCLE INTERNET GROUP, INC., One World Trade Center, 87th Floor, New York, NY 10007, United States of America - 05/03/2026. Address for service is: Conyers Dill & Pearman Limited, Clarendon House, 2 Church Street, Hamilton HM CX, Bermuda.

Trade Mark Application No. 63460

Disclaimer: The Registration of this Mark shall give no right to the exclusive use, separately, of the words “GOMBEY” and “BERMUDA”.

Class 41: Entertainment, sporting and cultural activities, education, providing of training.

ZURI TAYLOR, Cedarpark Centre, 48 Cedar Avenue, Hamilton, HM11, Bermuda - 04/05/2026.

Address for service is: **Zuri Taylor, Cedarpark Centre, 48 Cedar Avenue, Hamilton, HM11, Bermuda.**

Trade Mark Application No. 63494

Colour Limitations: The Mark is limited to the colours of “light blue”, “blue” and “dark blue” as shown on the form of application.

Class 35: Accountancy services; accounting, auditing and reporting, bookkeeping, and data processing services; business and management consultancy services; business information, research, and analysis services; business risk management services; forensic accountancy investigation services; economic budgeting and forecasting; remuneration and payroll preparation and consultancy services; advertising, marketing and market research services; tax preparation and consultancy services; personnel planning and consultancy services; recruitment services; arranging of commercial exhibitions; data management services; advisory services relating to data processing and data management; company secretarial services; advisory services relating to business risk management; information, advice and consultancy relating to the aforesaid services.

Class 36: Financial advisory services for families, private clients and trusts, excluding investment advisory and portfolio management services; corporate finance services; insurance and pension services; trustee services; financial analysis and the preparation of reports; financial information and research for families, private clients and trusts, excluding investment research; financial planning, tax planning and investment planning services for families, private clients and trusts excluding investment advisory and portfolio management services; corporate recovery services, insolvency services; debt restructuring; real estate services; private client investment services; advisory services

relating to financial risk management; information, advice and consultancy relating to the aforesaid services; business valuation services; advisory services relating to financial risk management.

Class 41: Educational services; providing of training; arranging and conducting of seminars, courses, conferences, symposia and workshops; providing on-line electronic publications (not downloadable); publication of books and texts; all the aforementioned services relating to business, technology, financial, legal or management matters; information, advice and consultancy relating to the aforesaid services.

Class 42: Computer software development and consultancy services in the field of insurance, finance, accountancy and audit; data warehousing; advisory services relating to sustainability and environmental protection; consultancy services relating to computers and computer software; provision of information technology, account systems and management systems advisory and support services, information technology consulting services; information, advice and consultancy relating to the aforesaid services.

Class 45: Legal services, litigation and dispute resolution support services, dispute analysis and investigation services; advisory services relating to regulatory affairs; advisory services relating to fraud and bribery; information, advice and consultancy relating to the aforesaid services.

MFMS GROUP LIMITED, WESSEX HOUSE, 5TH FLOOR, 45 REID STREET, HAMILTON, HM 12, Bermuda - 02/06/2026. Address for service is: Firstmark Ltd., 8 Oleander Lane, Devonshire DV 06, Bermuda.

CIRCLE

Trade Mark Application No. 63500

Class 9: Downloadable computer software for managing digital currency, virtual currency, and stablecoin transactions by autonomous artificial intelligence (AI) agents; Downloadable computer software development tools; Recorded computer software development tools; Downloadable software development kits (SDK); Downloadable computer software for use as a digital wallet; Downloadable software using large language models (LLMs) for computer software code generation; Downloadable chatbot software using large language models (LLMs) for computer software code generation; Downloadable software using artificial intelligence (AI) for summarizing software, source code, and smart contracts; Downloadable computer software using artificial intelligence (AI) for use in source code development, software development, application development, smart contracts, coding, code building, conducting and managing financial transactions, and building and training autonomous AI agents; Recorded computer software using artificial intelligence (AI) for use in source code development, software development, application development, smart contracts, coding, code building, conducting and managing financial transactions, and building and training autonomous AI agents; Downloadable computer programs using artificial intelligence (AI) for use in source code development, software development, application development, smart contracts, coding, code building, conducting and managing financial transactions, and building and training autonomous AI agents; Recorded computer programs using artificial intelligence (AI) for use in source code development, software development, application development, smart contracts, coding, code building, conducting and managing financial transactions, and building and training autonomous AI agents; Downloadable chatbot software using artificial intelligence (AI) for providing customer service; Downloadable chatbot software using artificial intelligence (AI) for answering consumers questions; Downloadable virtual assistant software using artificial intelligence (AI) for monitoring and tracking financial information, automating and conducting financial transactions, and reporting and storing information from financial transactions; Downloadable virtual assistant software using artificial intelligence (AI) for buying, selling, trading, storing, exchanging, and monitoring cryptocurrencies; Downloadable machine learning software for enabling computers to learn to perform tasks autonomously; Downloadable open-source computer software for coding applications; Recorded open-source computer software for coding applications; Downloadable computer software for managing and verifying financial transactions; Downloadable computer software for managing and verifying cryptocurrency transactions on a blockchain; Downloadable software for blockchain-based inventory management; Downloadable computer software for accessing, reading, and tracking information in the field of financial transactions on a blockchain; Downloadable computer software for managing smart contracts using blockchain technology; Downloadable electronic commerce

computer programs for processing electronic payment transactions using blockchain technology; Downloadable computer programs for processing, managing, and verifying cryptocurrency transactions using blockchain technology; Recorded computer programs for processing, managing, and verifying cryptocurrency transactions using blockchain technology; Downloadable software for processing, managing, and verifying cryptocurrency transactions using blockchain technology; Recorded software for processing cryptocurrency transactions using blockchain technology; Cryptocurrency hardware wallets; Downloadable software for spending and trading digital currency.

Class 36: Financial advisory services rendered using artificial intelligence (AI); Blockchain-based payment verification services; Cryptocurrency exchange services featuring blockchain technology; Cryptocurrency trading services; Cryptocurrency payment processing; Cryptocurrency staking services in the nature of cryptocurrency payment and funds verification; Providing online share price information via a blockchain data feed to smart contracts; Issuance of currency-backed stablecoins for use in financial transactions via blockchain technology; Electronic funds transfer services; Electronic transfer of funds; Electronic transfer of virtual currencies; Electronic transfer of cryptocurrency; Financial exchange of digital currency; Financial exchange of virtual currency; Digital currency brokerage services; Stablecoin exchange services; Stablecoin payment processing; Stablecoin trading services; Virtual currency trading services; Issuance of currency-backed deposit tokens using tokenization technology; Issuing pre-paid vouchers exchangeable for goods or services; Payment and funds verification services; Financial brokerage services for cryptocurrency trading; Financial and investment services, namely, management and brokerage in the fields of stocks, bonds, options, commodities, futures and other securities, and the investment of funds of others; Financial exchange of cryptocurrency via crypto swapping; Financial information in the field of cryptocurrency; Financial management in the field of cryptocurrency and stablecoin portfolios; Financial portfolio management.

Class 38: Electronic transmission of facsimile communications and data featuring encryption and decryption; Providing electronic transmission of credit card transaction data and electronic payment data via a global computer network; Encrypted electronic transmission and delivery of recovered data; Peer-to-peer network computer services, namely, electronic transmission of audio, video and other data and documents among computers; Electronic transmission of data and documents via

computer terminals and electronic devices; Providing electronic transmission of contactless payment data via the Internet; Electronic transmission of messages and data.

Class 42: Design and development of artificial intelligence (AI) software; Research, design and development of software using artificial intelligence; Providing temporary use of online non-downloadable software using large language models (LLMs) for computer software code generation; Providing temporary use of online non-downloadable chatbot software using large language models (LLMs) for computer software code generation; Artificial intelligence as a service (AIAAS) featuring software using artificial intelligence for analyzing data and interacting with humans; Artificial intelligence as a service (AIAAS) featuring software using artificial intelligence for database management; Providing temporary use of on-line non-downloadable computer software for use as a digital wallet; Providing temporary use of online non-downloadable software development kits (SDKs); Providing a website featuring temporary use of online non-downloadable software using artificial intelligence (AI) for use in source code development, software development, application development, smart contracts, coding, code building, conducting and managing financial transactions, and building and training autonomous AI agents; Providing temporary use of on-line non-downloadable software using artificial intelligence (AI) for use in source code development, software development, application development, smart contracts, coding, code building, conducting and managing financial transactions, and building and training autonomous AI agents; Providing temporary use of on-line non-downloadable software and applications using artificial intelligence (AI) for use in source code development, software development, application development, smart contracts, coding, code building, conducting and managing financial transactions, and building and training autonomous AI agents; Software as a service (SAAS) services featuring software using artificial intelligence (AI) for use in source code development, software development, application development, smart contracts, coding, code building, conducting and managing financial transactions, and building and training autonomous AI agents; Artificial intelligence as a service (AIAAS) services featuring software using artificial intelligence (AI) for use in source code development, software development, application development, smart contracts, coding, code building, conducting and managing financial transactions, and building and training autonomous AI agents; Application service provider (ASP) featuring software using artificial intelligence (AI) for use in source code development, software development, application development, smart contracts, coding, code building, conducting and managing financial transactions, and building and training

autonomous AI agents; Providing temporary use of online non-downloadable virtual assistant software using artificial intelligence (AI) for buying, selling, trading, storing, exchanging, and monitoring cryptocurrencies; Design and development of artificial intelligence (AI) software on an outsourcing basis; Software design services provided on an outsourcing basis in the field of artificial intelligence; Design of computer software provided on an outsourcing basis in the field of artificial intelligence; Artificial intelligence as a service (AIAAS) services featuring software using artificial intelligence for creating and integrating computer models; Providing temporary use of online non-downloadable software for implementing multi-agent systems comprised of multiple interacting intelligent agents; Software as a service (SAAS) services featuring machine learning software for enabling computers to learn to perform tasks autonomously; Providing temporary use of on-line non-downloadable open-source software for coding applications; Software as a service (SAAS) services featuring software for collecting, verifying, and transmitting data and information for use in blockchain-based smart contracts; Providing temporary use of online non-downloadable software development tools for creating blockchain-based applications provided by a blockchain as a service (BAAS) provider; Providing user authentication services using blockchain-based software technology for cryptocurrency transactions; Providing temporary use of online non-downloadable software for processing, managing, and verifying cryptocurrency transactions using blockchain technology; Customizing, maintaining, and updating computer software used by others to develop blockchain-based software applications; Updating of computer software used by others to develop blockchain-based software applications; Electronic storage of crypto tokens for others; Electronic storage of cryptocurrency for others; Providing temporary use of on-line non-downloadable software for generating cryptographic keys for receiving and spending cryptocurrency.

CIRCLE INTERNET GROUP, INC., One World Trade Center, 87th Floor, New York, NY 10007, United States of America - 05/06/2026. Address for service is: Conyers Dill & Pearman Limited, Clarendon House, 2 Church Street, Hamilton HM CX, Bermuda.

Trade Mark Application No. 63501

Class 9: Downloadable computer software for managing digital currency, virtual currency, and stablecoin transactions by autonomous artificial intelligence (AI) agents; Downloadable computer software development tools; Recorded computer software development tools; Downloadable software development kits (SDK); Downloadable computer software for use as a digital wallet; Downloadable software using large language models (LLMs) for computer software code generation; Downloadable chatbot software using large language models (LLMs) for computer software code generation; Downloadable software using artificial intelligence (AI) for summarizing software, source code, and smart contracts; Downloadable computer software using artificial intelligence (AI) for use in source code development, software development, application development, smart contracts, coding, code building, conducting and managing financial transactions, and building and training autonomous AI agents; Recorded computer software using artificial intelligence (AI) for use in source code development, software development, application development, smart contracts, coding, code building, conducting and managing financial transactions, and building and training autonomous AI agents; Downloadable computer programs using artificial intelligence (AI) for use in source code development, software development, application development, smart contracts, coding, code building, conducting and managing financial transactions, and building and training autonomous AI agents; Recorded computer programs using artificial intelligence (AI) for use in source code development, software development, application development, smart contracts, coding, code building, conducting and managing financial transactions, and building and training autonomous AI agents; Downloadable chatbot software using artificial intelligence (AI) for providing customer service; Downloadable chatbot software using artificial intelligence (AI) for answering consumers questions; Downloadable virtual assistant software using artificial intelligence (AI) for monitoring and tracking financial information, automating and conducting financial transactions, and reporting and storing information from financial transactions; Downloadable virtual assistant software using artificial intelligence (AI) for buying, selling, trading, storing, exchanging, and monitoring cryptocurrencies; Downloadable machine learning software for enabling computers to learn to perform tasks autonomously; Downloadable open-source computer software for coding applications; Recorded open-source computer software for coding applications; Downloadable computer software for managing and verifying financial transactions; Downloadable computer software for managing and verifying cryptocurrency transactions on a blockchain; Downloadable software for blockchain-based inventory management; Downloadable computer software for accessing, reading, and tracking information in the field of financial transactions on a blockchain; Downloadable computer software for managing smart contracts using blockchain technology; Downloadable electronic commerce

computer programs for processing electronic payment transactions using blockchain technology; Downloadable computer programs for processing, managing, and verifying cryptocurrency transactions using blockchain technology; Recorded computer programs for processing, managing, and verifying cryptocurrency transactions using blockchain technology; Downloadable software for processing, managing, and verifying cryptocurrency transactions using blockchain technology; Recorded software for processing cryptocurrency transactions using blockchain technology; Cryptocurrency hardware wallets; Downloadable software for spending and trading digital currency.

Class 36: Financial advisory services rendered using artificial intelligence (AI); Blockchain-based payment verification services; Cryptocurrency exchange services featuring blockchain technology; Cryptocurrency trading services; Cryptocurrency payment processing; Cryptocurrency staking services in the nature of cryptocurrency payment and funds verification; Providing online share price information via a blockchain data feed to smart contracts; Issuance of currency-backed stablecoins for use in financial transactions via blockchain technology; Electronic funds transfer services; Electronic transfer of funds; Electronic transfer of virtual currencies; Electronic transfer of cryptocurrency; Financial exchange of digital currency; Financial exchange of virtual currency; Digital currency brokerage services; Stablecoin exchange services; Stablecoin payment processing; Stablecoin trading services; Virtual currency trading services; Issuance of currency-backed deposit tokens using tokenization technology; Issuing pre-paid vouchers exchangeable for goods or services; Payment and funds verification services; Financial brokerage services for cryptocurrency trading; Financial and investment services, namely, management and brokerage in the fields of stocks, bonds, options, commodities, futures and other securities, and the investment of funds of others; Financial exchange of cryptocurrency via crypto swapping; Financial information in the field of cryptocurrency; Financial management in the field of cryptocurrency and stablecoin portfolios; Financial portfolio management.

Class 38: Electronic transmission of facsimile communications and data featuring encryption and decryption; Providing electronic transmission of credit card transaction data and electronic payment data via a global computer network; Encrypted electronic transmission and delivery of recovered data; Peer-to-peer network computer services, namely, electronic transmission of audio, video and other data and documents among computers; Electronic transmission of data and documents via computer terminals and electronic devices; Providing electronic transmission of contactless payment data via the Internet; Electronic transmission of messages and data.

Class 42: Design and development of artificial intelligence (AI) software; Research, design and development of software using artificial intelligence; Providing temporary use of online non-downloadable software using large language models (LLMs) for computer software code generation; Providing temporary use of online non-downloadable chatbot software using large language models (LLMs) for computer software code generation; Artificial intelligence as a service (AIAAS) featuring software using artificial intelligence for analyzing data and interacting with humans; Artificial intelligence as a service (AIAAS) featuring software using artificial intelligence for database management; Providing temporary use of on-line non-downloadable computer software for use as a digital wallet; Providing temporary use of online non-downloadable software development kits (SDKs); Providing a website featuring temporary use of online non-downloadable software using artificial intelligence (AI) for use in source code development, software development, application development, smart contracts, coding, code building, conducting and managing financial transactions, and building and training autonomous AI agents; Providing temporary use of on-line non-downloadable software using artificial intelligence (AI) for use in source code development, software development, application development, smart contracts, coding, code building, conducting and managing financial transactions, and building and training autonomous AI agents; Providing temporary use of on-line non-downloadable software and applications using artificial intelligence (AI) for use in source code development, software development, application development, smart contracts, coding, code building, conducting and managing financial transactions, and building and training autonomous AI agents; Software as a service (SAAS) services featuring software using artificial intelligence (AI) for use in source code development, software development, application development, smart contracts, coding, code building, conducting and managing financial transactions, and building and training autonomous AI agents; Artificial intelligence as a service (AIAAS) services featuring software using artificial intelligence (AI) for use in source code development, software development, application development, smart contracts, coding, code building, conducting and managing financial transactions, and building and training autonomous AI agents; Application service provider (ASP) featuring software using artificial intelligence (AI) for use in source code development, software development, application development, smart contracts, coding, code building, conducting and managing financial transactions, and building and training autonomous AI agents; Providing temporary use of online non-downloadable virtual assistant software using artificial intelligence (AI) for buying, selling, trading, storing, exchanging, and monitoring cryptocurrencies; Design and development of artificial intelligence (AI) software on an

outsourcing basis; Software design services provided on an outsourcing basis in the field of artificial intelligence; Design of computer software provided on an outsourcing basis in the field of artificial intelligence; Artificial intelligence as a service (AIAAS) services featuring software using artificial intelligence for creating and integrating computer models; Providing temporary use of online non-downloadable software for implementing multi-agent systems comprised of multiple interacting intelligent agents; Software as a service (SAAS) services featuring machine learning software for enabling computers to learn to perform tasks autonomously; Providing temporary use of on-line non-downloadable open-source software for coding applications; Software as a service (SAAS) services featuring software for collecting, verifying, and transmitting data and information for use in blockchain-based smart contracts; Providing temporary use of online non-downloadable software development tools for creating blockchain-based applications provided by a blockchain as a service (BAAS) provider; Providing user authentication services using blockchain-based software technology for cryptocurrency transactions; Providing temporary use of online non-downloadable software for processing, managing, and verifying cryptocurrency transactions using blockchain technology; Customizing, maintaining, and updating computer software used by others to develop blockchain-based software applications; Updating of computer software used by others to develop blockchain-based software applications; Electronic storage of crypto tokens for others; Electronic storage of cryptocurrency for others; Providing temporary use of on-line non-downloadable software for generating cryptographic keys for receiving and spending cryptocurrency.

CIRCLE INTERNET GROUP, INC., One World Trade Center, 87th Floor, New York, NY 10007, United States of America - 08/06/2026. Address for service is: Conyers Dill & Pearman Limited, Clarendon House, 2 Church Street, Hamilton HM CX, Bermuda.

ARIZONA STATE UNIVERSITY
