A. References from Clauses in the GENERAL CONDITIONS

General

The terms "The Employer" or "Employer" wherever used throughout the contract documents is amended by inserting in their place the term "The Procuring Entity" or "Procuring Entity" as the case maybe. This done for the avoidance of any doubt that the relationship created with "the Contractor" is an independent contractor relationship and not one of Employer and Employee.

2. The Procuring Entity

2.2 Permits and Licences

This clause is amended by adding the following paragraphs after the word "Appendix."

Where the work of the Contractor is subject to the approval or review of an authority, agency or department of Government, such applications for approval or review shall be the responsibility of the Contractor, but shall be submitted through the offices of The Procuring Entity and unless authorised by the Procuring Entity in writing, such applications for approval or review shall not be obtained by direct contact by the Contractor with such authority, agency or department of Government.

The Contractor shall ensure that a valid work permit is in place for all non-Bermudian staff working in Bermuda.

4.0 The Contractor

Add the following clauses;

4.5 Facilities

The Contractor shall make his own arrangements for all local accommodation he may require for offices, yards, stores, labour, etc., all buildings and all services in connection therewith which are required for the efficient execution of the Works. The Contractor shall pay proper regard to the prevention of obstruction of public roads and walkways and the avoidance of nuisance to the public and to residents.

4.6 Electricity, Water and Gas

The Contractor shall be responsible for the provision of all, power water and other services that he may require for the Works and shall pay and bear all costs associated therewith.

4.7 Protection of Utilities

The Contractor shall carry out the Works so that there is the minimum of interruption to the supply of water, telephone, electricity and other services through existing mains and services. Work involving interference with existing works of any kind shall only be carried out with the permission of and during such times and in such a manner as are agreed in writing by The Procuring Entity or competent Authority.

4.8 Reporting of Errors

The Contractor, before execution of the contract, shall examine and compare the Contract Documents and shall report any errors, inconsistencies, or omissions he may find to the Procuring Entity's Representative immediately.

4.9 Damage to Persons and Property

The Contractor shall, immediately on occurrence of any incident involving loss or injury at or about the Site, or in connection with the execution of the Works, report such incident to the Procuring Entity or the Procuring Entity's Representative. The Contractor shall also report such incident to the appropriate Authority whenever such report is required by Law.

4.10 Rates, Wages, Hours and Conditions of Labour

The Contractor shall pay to all Foremen, Craftsmen, and Labourers not less than the rates of wages for the various Foremen, Craftsmen, and Labourers that prevail in Bermuda, and comply with such requirements relating to hours of work and conditions of labour as are or may be laid down from time to time by the Laws of Bermuda.

4.11 Facilities for Staff and Labour

The Contractor shall provide such accommodation and amenities as he may consider necessary for all his expatriate staff and labour, employed for the purposes of or in connection with the Contract.

The Contractor shall comply with all local statutes and regulations and any amendments thereto with regard to the health and safety of his employees and others and shall provide adequate latrines for his workers on the Site to conform with the requirements of the Department of Health.

4.14 Arms and Ammunition

The Contractor shall not give, barter, or otherwise distribute to any person or persons, any arms or ammunition of any kind or permit or suffer the same to be done on the site or in connection with this contract.

4.17 Supply of Drinking Water

The Contractor shall so far as is reasonably practicable having regard to local conditions provide on the site, to the satisfaction of the Procuring Entity's Representative, an adequate supply of drinking water and other water for the use of the Contractor's staff and work people.

15.0 Resolution of Disputes

15.1 Adjudication

The heading "Adjudication" is replaced with the heading "Dispute Resolution" and this clause is deleted in its entirety and replaced by the following clause:

"If a dispute (of any kind whatsoever) arises between the Parties in connection with, or arising out of, the Contract or the execution of the Works, including any dispute as to any certificate, determination, instruction, opinion or valuation of the Procuring Entity's Representative or if either party believes that a decision taken by the Procuring Entity's Representative was either outside of his authority or that the decision was wrongly taken, the dispute shall be settled between the parties by negotiation. The Procuring Entity and the Contractor shall make every effort to resolve amicably by direct negotiations any such disagreement or dispute arising between them under or in connection with the contract.

For the purposes of this clause, a negotiation is deemed to have been initiated as of the date of receipt of notice by one party of a request from the other party to negotiate the matter in dispute.

If this negotiation is not successfully settled within Thirty (30) days after the date of initiation of negotiation or within such longer period as the parties may mutually agree, then the parties will jointly agree, within seven (7) days after the date of expiration of the period in which the parties should have successfully concluded their negotiations, to appoint a Certified Mediator to conduct a mediation between the parties to aid in arriving at an amicable resolution of the dispute. This procedure shall be private, confidential and without prejudice. The parties will equally bear the cost of the Mediation.

If the parties fail to agree upon the appointment of a Mediator within the period, then, within seven (7) days of expiration of this period, the Procuring Entity shall request appointment of a Mediator and a date for Mediation by the Bermuda Conflict Resolution Institute. For the purposes of this clause, a Mediator is deemed to have been appointed as of the date of notice of such appointment being given to both parties. The Mediator shall not have the power to impose a settlement on the parties.

If the dispute is not resolved between the parties within seven (7) days after the Mediation, or after such longer period as the parties may mutually agree, the mediator shall advise the parties in writing of the failure of the Mediation.

Within three (3) days of being advised of the failure of the Mediation, the Procuring Entity shall propose in writing a list of not less than three (3) qualified persons to act as the arbitrator. The Contractor shall within seven (7) days of receipt of the said list from the Procuring Entity select from the said list one qualified person to act as the single arbitrator over the dispute. Within three (3) days of being notified of the Contractor's selection the Procuring Entity shall refer the dispute to the person selected by the Contractor as arbitrator for arbitration.

The mediator's role in the dispute resolution process shall cease upon appointment of the Arbitrator. The Mediator shall not be called as a witness in the arbitration proceedings.

During the dispute resolution process, the Contractor shall continue to perform the work in accordance with this contract. Failure to do so shall be considered a breach of contract.

15.2 Notice of Dissatisfaction

This clause is deleted in its entirety.

15.3 Arbitration

This clause is deleted in its entirety and replaced by:

Unless settled amicably, any dispute shall be finally settled by arbitration as follows:

- a. the dispute shall be finally settled in accordance with the Bermuda Arbitration Act 1986
- b. the dispute shall be settled by a sole arbitrator appointed in accordance with the said Act, and
- c. the arbitration shall be conducted in the English language.

The arbitrator shall have full power to open up, review and revise any certificate, determination, instruction, opinion or valuation of the Procuring Entity's Representative, relevant to the dispute. Nothing shall disqualify the Procuring Entity's Representative from being called as a witness and giving evidence before the arbitrator(s) on any matter whatsoever relevant to the dispute.

Arbitration may be commenced prior to or after completion of the Works, by mutual agreement. The obligations of the Parties and the Procuring Entity's Representative shall not be altered by reason of any arbitration being conducted during the progress of the Works.
