

National Recovery Month

UPCOMING events

Prevention Works • Treatment is Effective • People Recover

September 2018

September is Recovery Month! This year the Department for National Drug Control (DNDC) with its stakeholders Bermuda Addiction Certification Board (BACB), Bermuda Assessment and Referral Centre (BARC), Drug Treatment Court, FOCUS, Mental Health Court, AA/NA, Nelson Bascome Substance Abuse Treatment Centre (NBC), Pathways, Right Living House, Salvation Army/Harbour Light and Turning Point is saluting those in recovery by sharing their real-life experiences with the public to increase knowledge and awareness about substance-use disorders and, ultimately, demonstrating the power of recovery.

For Recovery Month, the DNDC will be highlighting companies who hire persons in Recovery; you will get to hear from those who are in Recovery; and network with persons working within the field of addiction, treatment and prevention.

You are invited to join us and show your support by celebrating those in Recovery. Check out the events taking place this month!

**PREVENTION WORKS
TREATMENT IS EFFECTIVE
PEOPLE RECOVER**
