PATI Information Statement

Name of Public Authority: STAMP DESIGN ADVISORY COMMITTEE

Introduction:

The Public Access to Information (PATI) Act 2010, commits all public authorities to make information available to the public as part of their normal activities. The PATI Act 2010 further requires each public authority to prepare an information statement describing the following information about the authority:

- Structure and organization, and governing legislation;
- Functions, powers, duties and obligations;
- Summary of services provided;
- Classes of records held, in order to facilitate the exercise of right of access;
- Administrative manuals;
- Policies, rules and guidelines used for decision-making; and
- Name and contact information of the person designated by a public authority as the person to whom requests for information are to be directed;
- Any other information that the head of the authority considers relevant, in order to facilitate the exercise of right of access;
- Any other information that may be prescribed.

In this regard, the Bermuda Post Office has prepared the following Information Statement;

Purpose

The purpose of the PATI Act is to—

- give the public the right to obtain access to information held by public authorities
- to the greatest extent possible, subject to exceptions that are in the public interest
- or for the protection of the rights of others;
- increase transparency, and eliminate unnecessary secrecy, with regard to information held by public authorities;
- increase the accountability of public authorities;
- inform the public about the activities of public authorities, including the manner in which they make decisions; and

- have more information placed in the public domain as a matter of routine.

The purpose of the Stamp Design Advisory Committee (SDAC) Information Statement is to make information readily available to the public without the need for specific written requests. The information statement is also intended to provide people wanting access to information held by the SDAC with a ‘window’ of the types of documents held by the SDAC, what the SDAC does and how a person can access the information they require. The SDAC also intends to proactively publish information and to develop a culture of openness and participation, so that all members of the public have free, easy and quick access to information about the SDAC to which they are entitled access.

The SDAC Information Statement includes but is not limited to the following:

- Summary of what is in the information statement
- An overview of the Public Access to Information
- An outline of what information can be accessed and what cannot be accessed
- Classes of records held, in order to facilitate the exercise of right of access:
- A list of the products and services provided by the SDAC
- Structure and Organization, and Governing Legislation
- Functions, powers, duties and obligations
- Administrative manuals
- Policies, rules and guidelines used for decision-making:
- Name and contact information:
- Any other information that the head of the authority considers relevant:

As a result of having this information statement, the SDAC hopes to show itself as a progressive, open, transparent Committee that is customer driven, customer focused and intent on providing a high standard of customer service to both internal and external customers.
