# THE 2026 REVALUATION IS NOW ONLINE!

## Modernising Bermuda's Property Revaluation System

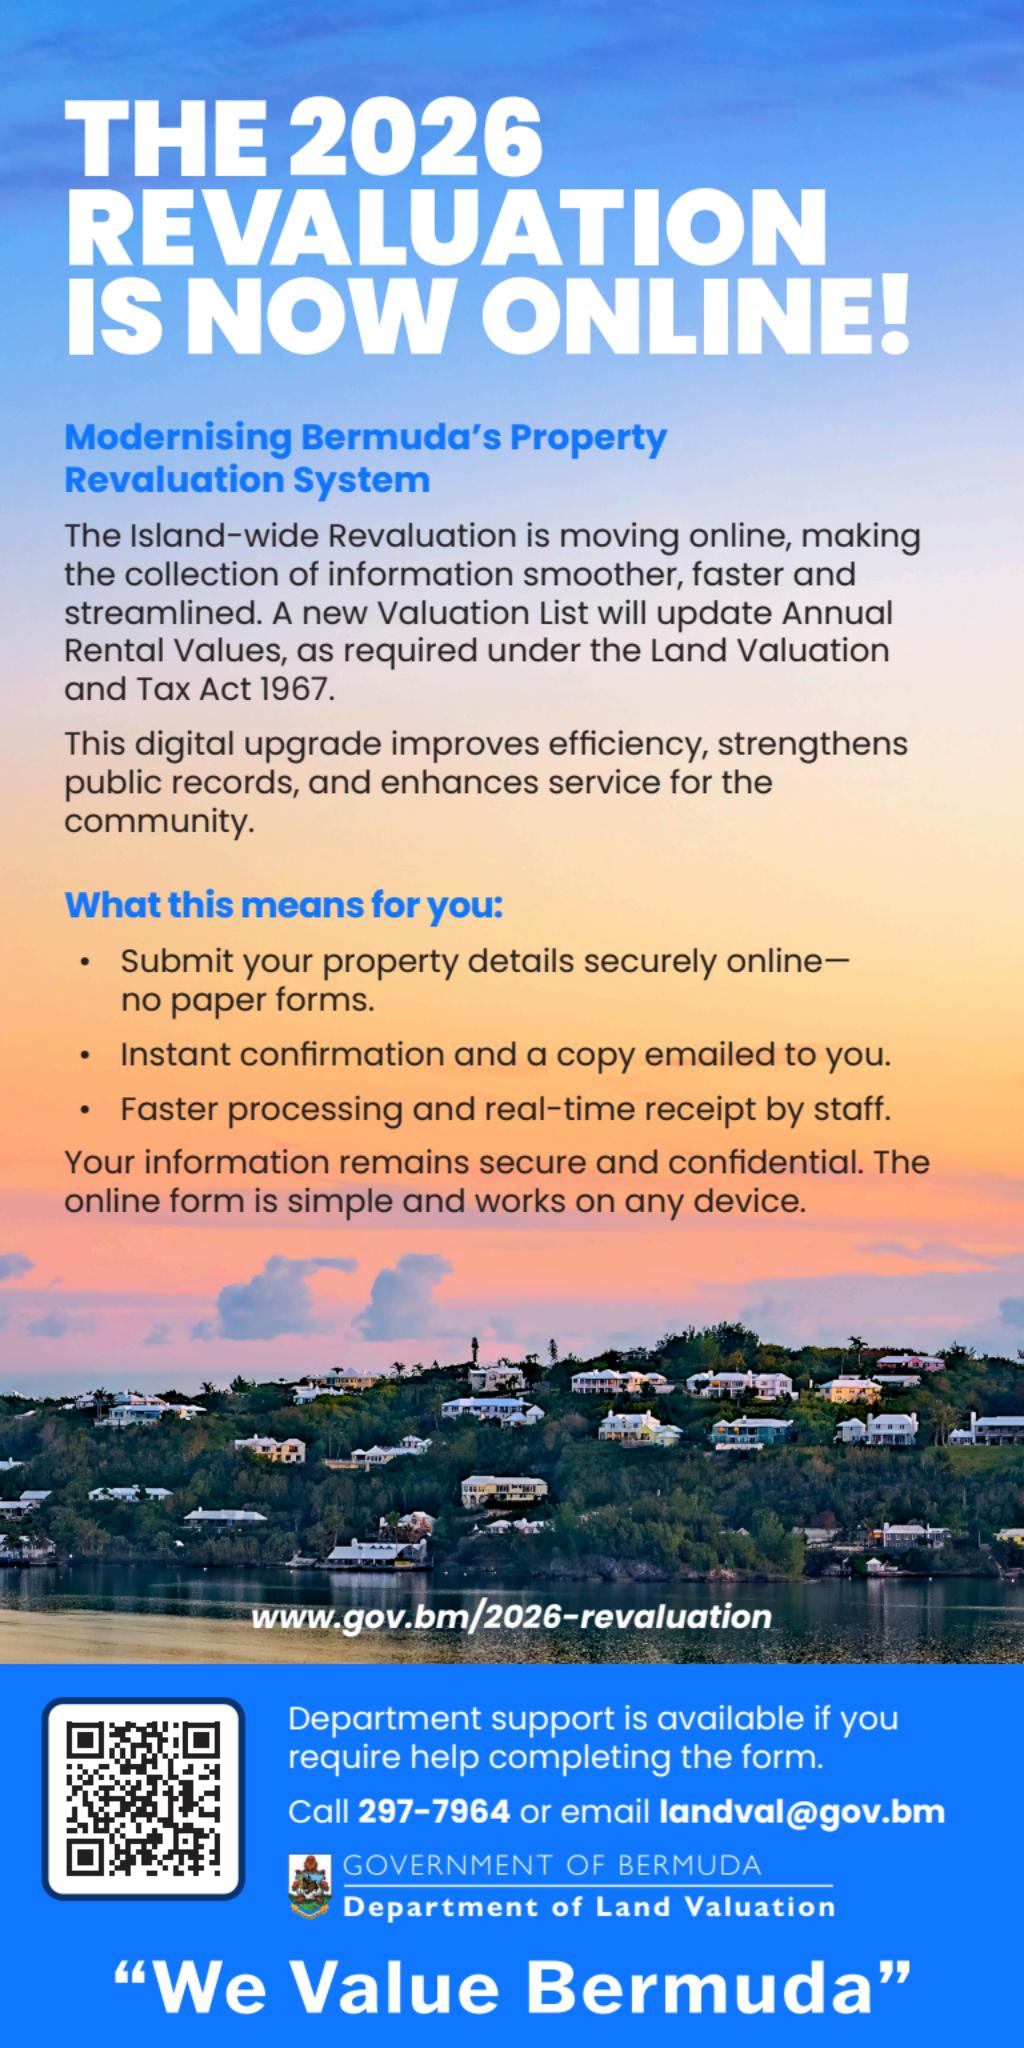

The Island-wide Revaluation is moving online, making the collection of information smoother, faster and streamlined. A new Valuation List will update Annual Rental Values, as required under the Land Valuation and Tax Act 1967.

This digital upgrade improves efficiency, strengthens public records, and enhances service for the community.

### What this means for you:

- Submit your property details securely online—no paper forms.
- Instant confirmation and a copy emailed to you.
- Faster processing and real-time receipt by staff.

Your information remains secure and confidential. The online form is simple and works on any device.
