Maj. Gen. Sir William Reid

Bermuda Governor 1839–1846

85 Years of Growth: Honouring Our Roots

When William Reid arrived in Bermuda in 1839 as the newly appointed Governor, he found an island with fertile potential but an agricultural sector that had struggled to take root. Few ploughs existed, farming methods were rudimentary, and the promise of Bermuda's soil remained largely untapped. Yet Reid, soon to be affectionately known as "The Good Governor Reid", saw something different. He envisioned Bermuda as a thriving "market garden" supplying fresh produce to the expanding markets of the United States.

Determined to modernize local farming, Governor Reid set to work. He imported ploughs and other much-needed agricultural implements, introduced improved seed varieties, and brought in experienced gardeners to teach Bermudians advanced farming techniques. Under his guidance, the cultivation of arrowroot, tomatoes, citrus fruits, lilies, and especially onions began to flourish. His influence extended beyond the fields: in 1850, he even gifted Bermuda the loquat, sending seeds from Malta, a fruit that would eventually become a beloved part of the island's landscape.

But perhaps Governor Reid's most enduring legacy is the one that continues to bloom each spring: the Agricultural Exhibition.

Sowing the Seeds of Tradition

In 1843, Reid organized the first Agricultural Exhibition at Mount Langton, then the site of Government House. His goal was simple yet revolutionary: to educate local farmers, showcase improved crops, introduce new tools, and encourage friendly competition. The early exhibitions featured ploughing contests, seed displays, animal exhibits, tool demonstrations, and baking competitions a lively blend of practical learning and community spirit.

By the mid-1800s, the Exhibition had quickly grown into a beloved annual event as more Bermudians embraced the modern farming techniques Reid championed. In the decades that followed, it expanded beyond Mount Langton, moving to larger venues to accommodate increasing attendance and the island's rapidly growing agricultural output.

A Cultural Cornerstone

Through the late 1800s and early 1900s, the Exhibition evolved into one of Bermuda's most anticipated cultural celebrations. Its offerings expanded to include livestock shows, vegetable competitions, school entries, crafts, arts, equestrian events, and elaborate floral displays, becoming a showcase not just of agriculture, but of Bermudian creativity and community life.

Even as agriculture waned in the 20th century, the Exhibition endured. No longer

simply a display of farming achievement, it grew into a celebration of heritage, tradition, and Bermudian identity.

A Living Legacy

Today, the Agricultural Exhibition is held at the Botanical Gardens in Paget, where it continues to blossom as a vibrant three-day event. Farmers, students, artisans, livestock owners, and cultural groups come together to honour the island's roots while celebrating its evolving story.

More than a showcase of crops and crafts, the Exhibition is a testament to community, an enduring reminder of how one governor's vision helped sow the seeds of a tradition now cherished for more than 85 years.

INFORMATION FOR EXHIBITORS

GENERAL SHOW RULES

1. All exhibits must be the bona fide property of the exhibitor. Except where noted in the Catalogue, vegetables, fruits, plants and flowers must have been grown by the exhibitor and the use of artificial plant material is prohibited. Exhibitors who falsely enter exhibits which are not their own work or property shall forfeit any prize that may have been awarded. The Committee reserves the right to reject any exhibit.
2. UNLESS SPECIFIED ELSEWHERE, NO PERSON CAN COMPETE WITH MORE THAN ONE EXHIBIT FOR ANY ONE PRIZE EXCEPT IN DIVISIONS I and II. THAT IS, DUPLICATE ENTRIES WILL NOT BE ACCEPTED EXCEPT FOR LIVESTOCK AND WOODCRAFT.
3. The Agricultural Exhibition is not responsible for loss of, or damage to, exhibits, though reasonable precautions will be taken to protect all exhibits.
4. PROTESTS
 - a) A protest may be made to the Agricultural Exhibition by an exhibitor or agent or parent of a junior exhibitor or official of the show for any violation of the Rules. It must be in writing, signed by the protester, addressed to the Planner of the Agricultural Exhibition, accompanied by a deposit of \$50.00 and received by a member of the Agricultural Exhibition within 30 minutes of the alleged violation or completion of class. All questions and disputes which may arise shall be decided by the Committee. The deposit will be returned if the protest is upheld.
 - b) Certain decisions cannot be protested. These include:
 - i) the soundness of a horse when determined by an official veterinarian of the Exhibition or by a judge; and
 - ii) a judge's decision representing his individual preference unless it is shown to be in violation of a rule.
5. No claim can be entertained for any accident that may happen to competitors, spectators, property, helpers or livestock in connection with, or arising out of, the Exhibition. It shall be considered a condition of entry that each entrant shall agree to indemnify the promoters against any legal action arising from such accident.
6. Exhibits may not be sold on the Exhibition grounds without written permission of the Committee. 'FOR SALE' SIGNS ARE PROHIBITED.
7. The Committee has the right to disqualify an exhibitor and/or his/her entries

and to cause him/her to forfeit their winnings and ribbons at the Exhibition and to have the entries removed from the grounds, without being held liable for damage.

8. The winner of an annual trophy shall be responsible for the protection and care of the trophy while in their possession and for its return to the Exhibition Planner before the end of February of next year. If a trophy is destroyed, stolen or lost, and thus cannot be returned, the exhibitor in whose possession it was, shall pay the Department the cost of replacing it with a similar trophy.
9. Any prize may be withheld or modified if the exhibit is considered unworthy of the prize offered.
10. NO ALCOHOLIC BEVERAGE OF ANY KIND MAY BE CONSUMED ON THE GROUNDS. VIOLATORS WILL BE REFERRED TO THE POLICE.
11. THE COMMITTEE RESERVES THE RIGHT TO REFUSE ANY ENTRY BECAUSE OF LACK OF SPACE.
12. Accommodation will be provided for exhibits properly entered and no person shall bring any livestock or any product or article for sale or distribution upon the grounds without first having obtained the permission of the Exhibition Planner.
13. TRUCKS WITHOUT PASSES WILL NOT BE PERMITTED IN THE GARAGE COMPOUND. THOSE WITH PASSES WILL NOT BE ALLOWED BEYOND THIS AREA.
14. Exhibits other than those permitted from school groups must be entered by individual competitors in each Division as specified in this Catalogue.
15. Exhibitors receiving prizes must be neatly dressed.
16. Any matter not provided for shall be dealt with at the Committee's discretion, whose decision shall be binding. The Committee reserves the right to cancel any class at his/her discretion.

HOW TO ENTER EXHIBITS

If entering particularly highly subscribed categories it is recommended that the exhibit be brought in at least two hours before the deadline for receiving. Highly subscribed categories include Poultry in Division 3, Cut Flowers and Potted Plants in Division 6, Amateur Food Products and Recyclable entries in Division 12 Section 3 and Section 4.

1. Entry forms can be printed from the website or obtained from the Exhibition Office (telephone 441-236-4812). Separate entry forms must be used for each exhibitor. There are special entry forms for livestock.
2. Complete the entry forms, with full mailing address, inserting a description of the exhibits you wish to show using the exact wording in the Catalogue.
3. Return physical entry forms to the Exhibition office, Botanical Gardens, BEFORE the time specified in each Division. All exhibitors are required to obtain Exhibitors' Tags, Exhibitors' ID cards and other items required for your entries from the Exhibition Offices, (other than livestock) as follows:

PRESCHOOL – white with orange text and border

PRIMARY SCHOOL – white tag with blue text and border

MIDDLE SCHOOL – white tag with brown text and border

HIGH SCHOOL – white tag with red text and border

ADULTS – white tag with green text and border

4. Complete the tags by writing the description of the exhibits, using the exact wording in the catalogue. **DO NOT MAKE OUT TAGS FOR POULTRY AND RABBITS** – these are made out by the Department staff and attached to the cages.
5. Attach tags to the exhibits and deliver them to the Exhibit Building of the correct division during the hours specified in the receiving schedule on the next page.

DELIVERY OF EXHIBITS

Exhibitors are advised to pay particular attention to the Exhibitors' Receiving Schedule in the catalogue, and to follow the instructions of the Receiving Guides and Stewards at drop off and pick up.

REMOVAL OF EXHIBITS

Exhibitors cannot collect exhibits without presenting their exhibitor card!

Exhibits can be collected on:

Monday, 27 April between 9:00 a.m. and 6:00 p.m.

Tuesday, 28 April between 9:00 a.m. and 6:00 p.m.

Exhibits not removed by 6:00 p.m. on Tuesday, 28 April, will be considered to have been abandoned. Exhibitors must present their identification cards to the Divisional Officer before collecting exhibits. Those wishing to obtain placement ribbons may collect from the Steward in the building or the Exhibition Office, on the Monday or Tuesday following the Exhibition, by presenting exhibit tags with prize seals. Ribbons will not be available after this time.

EXHIBITION OFFICE HOURS

February hours of opening: Monday through Friday 9:00 a.m. - 4:00 p.m.

March hours of opening: Monday through Friday 9:00 a.m. - 5:00 p.m.

April hours of opening: Monday through Friday 9:00 a.m. - 6:00 p.m.

JUNIOR EXHIBITORS

A junior exhibitor shall be 18 years and under. The exhibitor's age will be that at the date of the close of entries, Friday, 13 March, except junior exhibitors entering the Horse and Pony Section, where the exhibitor's age will be that on 1 September 2025. Please be advised that if, in the opinion of the judges, exhibits have not been made by the exhibitor, prizes will not be awarded. While parents' and guardians' interest are encouraged and very desirable, it is work by the young person that is being judged.

Boys and girls may exhibit potted plants, cut flowers and vegetables of their own growing, flower arrangements, food products, woodcraft, educational and hobby exhibits of their own making. These exhibits should be entered in the same way as adult entries. The age of the exhibitor, name of school and parish in which he/she resides must be indicated on all entry forms and tags. Junior exhibitors' entries will be judged separately from adults, within the framework of the normal divisions and sections, and ribbons and prizes will be awarded. Students may enter through their school, or individually, but the same exhibitors' number must be used.

ADMISSION TICKETS ADVANCE PURCHASE

3-day passes ONLY can be purchased in advance from the Exhibition Office starting the first week in April.

Class 56 (\$25.00 entry fee)**ROTATING PAIR RELAY JUMPING (Open to Horses and Ponies)**

(USEF JP150) Height of fences not to exceed 0.85m (2'9"). The rotating pair relay consists of a team of 2 riders. The entire course is jumped twice. The team chooses how they want to divide the course into sections, but the fences must be jumped in the correct order. One change of rider is mandatory. Each rider must jump at least 2 jumps. Competitors may change over as often as they wish. A change is obligatory when a fault is incurred. A disobedience is indicated by an audible signal at which time the other competitor must first jump the obstacle which has not been jumped by his partner and then continue the course. Knock downs incurred are penalized by adding four seconds for each occurrence to the time of the round. Disobediences are penalized only by time. (Three refusals permitted prior to elimination – per local rule.) Should a competitor jump an obstacle before his partner has landed over preceding obstacle, the pair will be eliminated. Both riders enter the ring, after the tone the first rider begins their section. (If team member 1 has a knockdown at fence 3 team member 2 must jump fence 4. If team member 1 has a stop at fence 3 team member 2 must jump fence 3.). The fastest overall time wins. In case of a tie for first place there will be a jump off over a shortened course.

SECTION 6 – CONTAINER-GROWN HERBS

To be delivered to the Commercial Slat House on Monday, 20 April. Any of the following herbs grown and shown in pots not exceeding 12 inches will be accepted for competition. They should be entered as single herbs or collection of herbs (four in a collection).

Entries should include the following: chervil • chives • marjoram • mint • oregano • parsley • rosemary • thyme • any other herb

SECTION 7 – ORGANIC VEGETABLES

Any vegetable (not fruit) that has been grown by the exhibitor, without the use of conventional pesticides and chemical fertilizer 2 specimens of each

SECTION 8 – TIN HERB POT

Make these charming tin can herb pots and watch them grow all summer long! This project not only recycles, it creates detailed new life.

Start your tin can pot at least 4-6 weeks prior to the Exhibition. Your plant should be established in the tin can and should not look as if newly transplanted or germinated plants have been recently placed in the can. A 4-inch potted plant will be enough to make 2-3 vegetable sized cans (15 oz), or one larger tomato sauce type can (28 oz).

- Allow 4-6 weeks when planting from a transplant
- Allow 6-8 weeks when planting from seedling

Label your tin pot with the correct herb variety such as 'Basil', 'Thyme', 'Parsley', 'Oregano', Mint, Sage etc.... as some varieties look and smell similar.

If a class project, encourage the students to grow more than one type of herb.

That way the students will have more variety to enter and you won't have 20-30 tin pot herbs that look exactly alike.

Remove insects by hand or by wiping the leaves gently with paper towel dipped in soapy water. Remove leaves that are diseased (spots, browning), damaged or holey, or dead leaves prior to drop-off day. Tin pot herbs found infested with insects or disease will not be accepted in order to prevent their spread to other exhibits.

CHOOSING FLORAL MATERIAL FOR EXHIBITION PURPOSES

The following are the important factors to consider for optimal presentation of your floral material. Failure to acknowledge them can only result in loss of points.

Uniformity and Quality

These two factors embrace the whole field of floral exhibiting and may be briefly condensed into the following sub-headings:

Stems

Stems should be approximately the same length, not twisted or crooked, too short, or damaged. Exhibiting less than, or more than, the number of stems specified in the catalogue will result in disqualification of the entry.

Foliage

Flowers should be shown with their foliage attached except where specified in the catalogue, i.e., bird of paradise, shell plant. Foliage should be clean, free of dirt, soil sprays, dust and insects. Leaves should be as free from damage as possible. Flowers must not be on foliage plants.

Flowers

A group of cut flowers should be the same colour and species unless otherwise

indicated. Choose flowers that are not damaged, too old, fading, wilting, or starting to curl at the edges. Do not enter flowers which close at night or wilt quickly i.e., oxalis, oleander, etc. Where a single bloom is called for it is better to disbud. Although grooming is allowed, it should not be obvious as points will be lost. The stewards reserve the right to reject any entries which are sub-standard or are in compliance with instructions provided.

GLOSSARY

Definitions are as intended for this Catalogue. For a more comprehensive source of terms and judging standards see Handbook for Flower Shows, National Council of State Gardens Clubs, Inc. and International Encyclopedia for Judging and Exhibiting by Esther Vera.m.ae Hael. These references are available at the Department of Environmental Protection library and must not be removed.

Annual – a plant which survives for one season only from germination to death.

Bloom – a flower or flowerhead.

Botanical name – internationally accepted Latin names given to plants according to the rules established by the International Code of Botanical Nomenclature.

Disbud – the removal of surplus buds.

Genus pl.genera – the smallest natural group containing related, but distinct species.

Herbaceous perennial – perennial plants with soft top growth rather than woody growth which lives more than two years.

Mixed colours – different colours of the same species.

Scape – a leafless flower stem arising directly from the soil which may have one or several flowers.

Scientific name – see botanical name.

Species – the basic unit of plant and animal classification. A group of similar plants which will breed among themselves, but not normally with members of another group, and will breed true.

Specimen – a single plant or animal.

Spike – stalkless or semi-stalkless flowers produced on a long axis.

Spray – florist term for a number of flowers on a single stem.

Standard pots – the classic simple pot usually used for commercial production.

Stem – the leaf or flower-bearing axis of a plant.

Woody perennial – trees, shrubs and climbers which have lignified (woody) stems.

SECTION 6 – MODEL GARDEN (Model Landscape Gardens)

Entries will be received on Wednesday, 22 April in the J.J. Outerbridge Building between 4:00 p.m. and 6:00 p.m.

This section is open to junior exhibitors only.

Judging will commence at 7:00 p.m.

The model garden is a miniature garden displayed in a disposable pie plate (obtained from the Exhibition Office prior to the receiving date) using fresh cut or dried parts of plants. Grass may be grown in the container. Accessories may be used but must be in scale. Plants must predominate. Rare, endangered plants, live animals and moss are not permitted.

Natural scenes are not so much 'interpreted' as 're-created' on a small scale. Some designs are very naturalistic and described as vegetative, with the plant materials used being natural to the habitat suggested; others may be decorative and more stylized into patterns and shapes created by any plant material chosen for its colour and texture and the atmosphere it creates.

While parents' and guardians' interest is encouraged, it is the work of the child that is being judged.

*Incorporate colors of spring into the garden.
