**Class 36:** Asset management services; financial services, namely, asset management services including management of funds and investments with respect to assets including properties, power generation and other infrastructure assets, technology, data and artificial intelligence systems; financial management; investment services; investment management services; investment services in the field of real estate, infrastructure projects, energy infrastructure, real assets, technology, data and artificial intelligence systems, real asset debt, funds, securities, stocks, equity and commodities; investment advice; financial advice; financial advisory services; financial and investment advisory services rendered using artificial intelligence (AI); investment advisory services in the fields of real estate, securities, stocks, equities, commodities and investment management; financial services, namely, financial investments in the fields of commodities investment notes, real estate and securities; investment management in water and waste water; financial research; investing in oil and gas pipelines and storage; investing in wireless communication towers, broadcast satellites and cable networks; investing in technology, data and artificial intelligence systems; investment and merchant banking services, including acquisition and disposition financing, capital and debt investing; real estate financial advisory services; financial management of investment portfolios, joint ventures and single assets; operation of investment funds; financial investment services in the fields of real estate, infrastructure projects, energy infrastructure, real assets, real asset debt, credit, debt, private equity, stocks, equity, commodities, investment notes, securities and technology, data and artificial intelligence systems; financial investment in securities; securities brokerage services; securities lending; trading of securities; financial research, namely conducting research in the field of financial investments and securities; management of portfolios comprising securities; financial analysis and research services; financial investment services for financial institutions, pension plans, insurance

companies, for-profit and charitable foundations, endowments, sovereign wealth funds and high net worth investors; real estate, stocks, equities and commodity investment advice services; investment management in real estate; investment management in commercial, institutional, industrial and residential real estate; investment management in oil and gas pipelines and storage; investment management in wireless communication towers, broadcast satellites and cable networks; investment management in the field of technology, data and artificial investment systems; consultancy, advisory and information services relating to the aforesaid services; investment in structured products, namely investment in collateralized loan obligations and investment in structured products, namely investment in credit-linked notes; private equity fund management, credit fund management, and debt fund management; securities underwriting and underwriting of debt capital markets products; public and private financial placement of securities and derivatives for others; financial investment advisory services; financial restructuring services; mergers and acquisitions advice and execution; project financing; financial services, namely, raising debt and equity capital for others; consultancy, advisory and information services relating to the aforesaid services; financial affairs management and private equity fund investment services; financial investments in the fields of private equity; financial management in the field of investment funds, private equity products, real estate and infrastructure; financial placement of private equity funds for others; investment services for acquiring majority equity interests from shareholders in private companies for the purpose of obtaining a majority control ownership position; management of private equity funds; private equity capital investment services in the field of natural resources, properties, power generation and other infrastructure assets, technology, data and artificial intelligence systems; financial management; private equity financing; private equity fund investment services; providing flexible capital through private equity and venture investing; providing private equity and investment funding; consultancy in the field of private equity investment; consultancy, advisory and information services relating to the aforesaid services; wealth management services; investment product marketing, distribution and sales, including product wholesaling and direct product marketing and distribution arrangements to other financial intermediaries and financial services firms and their end investors and the production, dissemination and disclosure of marketing and related product information and investor support; consultancy, advisory and information services relating to the aforesaid services; real estate management services; real estate leasing; real estate leasing services for commercial, institutional, industrial and residential properties; real estate brokerage services; real estate investment; managing real estate; managing commercial, institutional, industrial and residential real estate; financial consultancy, namely, preparing budgets and monitoring budgets in the fields of commercial,

institutional, industrial and residential building projects, infrastructure building projects and energy property building projects; consultancy, advisory and information services relating to the aforesaid services; indemnity services; actuarial services; annuity underwriting; financial administration of annuity services; financial administration of life income funds and life income retirement funds; financial administration of retirement income funds; retirement investment planning and advisory services; insurance and reinsurance services; provision of property and casualty insurance; provision of underwriting and insurance claims administration management in the field of property-casualty insurance; insurance services related to property insurance; insurance services related to casualty insurance; insurance services, namely, writing property and casualty insurance; providing advice in the field of property and casualty insurance; risk management services; financial and monetary business services namely, asset management for insurance companies, cash management, reporting, securities lending, investment consulting, asset liability management, integrated risk management, investment and funds management services, comprehensive risk management services focusing on assets and liabilities including combining insurance and reinsurance services with derivative financial instruments, and real estate services; insurance underwriting; insurance agencies; insurance actuarial services; insurance financial evaluation for insurance purposes; assessing insurance claims and insurance claims processing; providing insurance information and insurance consultancy; consultancy, advisory and information services relating to the aforesaid services; investment services in the field of electrical power generation, distribution and transmission facilities; capital and equity investment in infrastructure, namely electrical power generation plants and distribution and transmission facilities; financial investments in the field of electrical power generation, distribution and transmission facilities; real estate acquisition services, namely, acquisition of electrical power generation, distribution, and transmission facilities; Investment services, namely, asset acquisition, consultation, development, and management services in the field of electrical power generation, distribution, and transmission facilities; asset management services, namely, development of real assets for generating electrical power from renewable energy source; energy trading; financial and asset management services, namely management of renewable energy credits; commodity trading, namely trading of energy as a commodity; renewable energy credit trading, namely, trading of carbon dioxide and greenhouse gas emission credits, allowances, or offsets of others; issuance of greenhouse gas emission credits, allowances, or offsets; financial and asset management of customer energy solutions, namely, energy management, demand side management, energy pricing products, energy services and behind the meter electrical installations; investment advisory and management services, namely, asset acquisition, investment consultation,

development and investment and asset management in the field of energy efficiency in power generation and maintenance; investment advisory and investment management services in the field of the development and management of building energy infrastructure upgrades and retrofits and in the field of financing the purchase of energy efficiency equipment related to heating and cooling, lighting, and control systems; wholesale electricity brokerage services; financial evaluation of standing timber; consultancy, advisory and information services relating to the aforesaid services.

**Class 37:** Real estate development; residential and commercial land development; building services; construction services; building construction services; construction planning services; building maintenance and repair; custom construction and building renovation; renovation; construction management; developing and building real estate; developing and building commercial, institutional, industrial and residential real estate; residential and commercial land development; construction project management services including coordination and oversight of construction projects; construction consultation services; developing, and building in commercial, institutional, industrial and residential real estate; real estate development services; developing and building oil and gas pipelines and storage; development and building of oil and gas properties; developing and building wireless communication towers, broadcast satellites and cable networks; developing and building water and waste water installations and structures; developing and building energy buildings, properties, structures and installations including hydro-electric plants; development and construction of industrial real estate and infrastructure, namely hydroelectric power plants, transmission lines, nuclear power plants, geothermal power plants, solar power plants, wind power plants, natural gas cogeneration plants, electricity and steam plants; maintenance of power generation facilities and infrastructure; consultancy, advisory and information services relating to the aforesaid services.

**Class 38:** Management and operation of wireless communication towers, broadcast satellites and cable networks; consultancy, advisory and information services relating to the aforesaid services.

**Class 39:** Utility services, namely, transmission and distribution of electricity; utility transmission services of electricity and electric power; energy storage services, namely transmission and distribution of electrical energy, hydroelectric energy, solar energy, wind energy and energy generated from natural gas cogeneration plants and steam plants; operation of oil and gas pipelines; storage of oil and gas; distribution of water; supply of water; water distribution; distribution of energy; distribution of electricity; transmission of energy; transmission of electricity; distribution of electrical

energy to residential and commercial users; distribution of solar energy to residential and commercial users; distribution of wind energy to residential and commercial users; distribution of hydroelectric energy to residential and commercial users; distribution of hydrogen energy to residential and commercial users; storage, distribution, transportation and delivery of gas and electricity; facility operation for electrical power generation, distribution and transmission facilities, including for the benefit of third party owners thereof; operation of electrical power generation plants and distribution and transmission facilities, namely the transmission and distribution of electrical power, transmission and distribution of electricity to residential and commercial users; consultancy, advisory and information services relating to the aforesaid services.

**Class 40:** Timber logging; energy generation; energy production; electricity generation; generation of electrical energy, hydroelectric energy, solar energy, wind energy and energy generated from natural gas cogeneration plants and steam plants; management and operation of water and waste water treatment and reprocessing facilities; operation of electrical power generation plants and distribution and transmission facilities; operation of electrical power generation, distribution and transmission facilities, including for the benefit of third party owners thereof; supply of electrical power to companies that sell electricity to residential and business customers; leasing of solar panels for the production of electricity; consultancy, advisory and information services relating to the aforesaid services.

**Class 42:** Scientific and technological services and research and design relating to the building, engineering, infrastructure and construction industry; construction planning services; engineering drawing services; architectural services; architectural consulting services; design services; drafting services; construction drafting services; land surveying services; architectural design and planning services; building design services; civil engineering design services; construction design services; construction drafting; surveying of real estate; geological surveys; town planning; development of construction projects; architectural services relating to land development; architectural design for interior and exterior decoration; architectural project management; architectural services for the design of industrial buildings and commercial buildings; civil engineering consultancy; commercial design services; commercial interior design; design of hotels, industrial buildings, commercial buildings and residential buildings; design planning; design services relating to real estate; planning in relation to town planning and commercial town planning; preparation of architectural designs, plans and reports; preparation of reports relating to design, architecture real and estate planning;

surveying of land; town planning advisory and consultancy services; urban design; urban planning; advisory services relating to building design, interior design, architecture and planning applications; energy and sustainability advisory services; advisory, consultancy, and auditing services relating to or in the fields of energy efficiency, energy use, energy saving, energy sustainability, and environmental sustainability; scientific and technological services in relation to waste, recycling, energy, and water treatment; quality evaluation of standing timber; industrial analysis and research services in the field of insurance and reinsurance; software as a service (SAAS), namely non-downloadable computer software for the integration of artificial intelligence and machine learning in the field of Big Data for business data analytics and user behavior analytics; research in the field of artificial intelligence technology; Infrastructure as a service in the field of cloud computing; infrastructure as a service (IAAS) in the field of quantum computing; infrastructure as a service (IAAS) provider for hosting servers for use by others; infrastructure as a service (IAAS) services offering computer software platforms for syncing, storing, archiving, and backing-up data to cloud servers; infrastructure as a service and technical support services for power management of data centers, heat management of data centers, energy management of data centers, cooling management of data centers, HVAC management of data centers, power grid management of data centers, localized grid management of data centers, battery storage and management of data centers; platform as a service (PAAS) offering software for executing cloud computing based applications; infrastructure as a service (IAAS), platform as a service (PAAS), and software as a service (SAAS) for implementing and deploying artificial intelligence, machine learning, deep learning and neural network algorithms, models and technology; infrastructure as a service (IAAS), platform as a service (PAAS), and software as a service (SAAS) for training, management, deployment, testing, operation and maintenance of artificial intelligence models, artificial intelligence, machine learning, deep learning, natural language generation, statistical learning, supervised learning, unsupervised learning, data mining, data acquisition, data analysis, data integration, predictive analytics, inference computations, agentic artificial intelligence, artificial intelligence agents, large language models, small language models, diffusion models, multimodal artificial intelligence, business intelligence, computer vision, advanced visualization, image generation, video generation, voice generation, text generation, scientific data generation, financial data generation, industrial data generation, infrastructure data generation, medical data generation, Artificial General Intelligence (AGI), Artificial Narrow Intelligence (ANI), and Artificial Super Intelligence (ASI); infrastructure as a service (IAAS), platform as a service (PAAS), and software as a service (SAAS) for processing data, images, graphics, audio, video, and text; infrastructure as a service (IAAS), platform as a service

(PAAS), and software as a service (SAAS) for high performance computing; infrastructure as a service (IAAS), platform as a service (PAAS), and software as a service (SAAS) for distributed computing; infrastructure as a service (IAAS), platform as a service (PAAS), and software as a service (SAAS) for edge computing; infrastructure as a service (IAAS), platform as a service (PAAS), and software as a service (SAAS) for on-premise computing; infrastructure as a service (IAAS), platform as a service (PAAS), and software as a service (SAAS) for virtual machines; infrastructure as a service (IAAS), platform as a service (PAAS), and software as a service (SAAS) for data pipelines; infrastructure as a service (IAAS), platform as a service (PAAS), and software as a service (SAAS) for data storage including data lakes, graph databases, data containers, and data pipelines; infrastructure as a service (IAAS), platform as a service (PAAS), and software as a service (SAAS) for connection of application programming interfaces (APIs); infrastructure as a service (IAAS), platform as a service (PAAS), and software as a service (SAAS) for quantum computing; infrastructure as a service (IAAS), platform as a service (PAAS), and software as a service (SAAS) for facilitating data transmission, data collection, data analysis, and decision-making; infrastructure as a service (IAAS), platform as a service (PAAS), and software as a service (SAAS) for simulation, modeling and data processing for use in data visualization, data analysis, data mining, data interpretation, predictive analytics, prescriptive analytics, accessing and editing large-scale data, interactive visual computing, video streaming, design of information graphics, and maximizing graphics processing and performance; infrastructure as a service (IAAS), platform as a service (PAAS), and software as a service (SAAS) for general purpose computation, manipulation of collections of data, data analysis, image content analysis, video content analysis, information analysis, data transformation, data input/output, communications, speech recognition, graphics display, modeling and testing for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; infrastructure as a service (IAAS), platform as a service (PAAS), and software as a service (SAAS) for data management, analytics and pattern and activity recognition; infrastructure as a service (IAAS), platform as a service (PAAS), and software as a service (SAAS) for the integration of artificial intelligence and machine learning in the field of Big Data for business data analytics and user behavior analytics; infrastructure as a service (IAAS), platform as a service (PAAS), and software as a service (SAAS) for the integration of artificial intelligence and machine learning in the field of robotics; infrastructure as a service (IAAS), platform as a service (PAAS), and software as a service (SAAS) for creating, analysing and running programs for quantum algorithms; infrastructure as a service (IAAS), platform as a service (PAAS), and software as a service (SAAS) for creating,

analysing and running programs for quantum computers; infrastructure as a service (IAAS), platform as a service (PAAS), and software as a service (SAAS) for creating, analysing and running programs for quantum simulations; infrastructure as a service (IAAS), platform as a service (PAAS), and software as a service (SAAS) for optimizing power, performance and cost for computing services, and delivering computing services at scale; infrastructure as a service (IAAS), platform as a service (PAAS), and software as a service (SAAS) for advanced cloud computing functions in the nature of machine learning, optimizing power, performance and cost for cloud computing services; infrastructure as a service (IAAS), platform as a service (PAAS), and software as a service (SAAS) for operating semiconductors, computer chips, graphic processing units, tensor processing units, and central processing units; infrastructure as a service (IAAS), platform as a service (PAAS), and software as a service (SAAS) featuring software development tools for writing, building, running, testing, debugging, deploying, and storing software code, releasing and providing continuous delivery of software code, developing, deploying, analyzing, and debugging applications, and cloud infrastructure modeling; providing temporary use of non-downloadable computer software development tools in the field of artificial intelligence; providing temporary use of non-downloadable computer software development tools for use in modeling in the field of artificial intelligence; providing temporary use of non-downloadable computer software for use in testing in the field of artificial intelligence; providing temporary use of non-downloadable computer software for quantum computing; providing temporary use of non-downloadable computer software for data centers; software as a service (SAAS) for deploying public and private cloud computing environments in the field of infrastructure as a service (IAAS); security for computing including cyber security, fire walls, authentication, verification, authorization, encryption, decryption, security key management, security token management, and data monitoring; technical support services, namely, remote and on-site infrastructure management services for monitoring, administration and management of cloud computing applications and data centers; off-site data backup services; facilities and operational management for data centers; supply and management of power for data centers; design and development of software, databases, web services and cloud computing infrastructure; management services for data center networks; leasing of data center modules; rental of space in a computer co-location data centre infrastructure facility for others; providing cloud storage facilities for use as a data center for others; rental of data center facilities; rental of space in a computer co-location facility for containerized data centers of others, namely rental of space in a facility that provides space, power, cooling, and physical security for computer servers, computer hardware, and computing networking equipment; consultancy, advisory and information services in the field of cloud computing

networks and applications; consultancy, advisory and information services in the field of deploying cloud storage environments in the field of infrastructure as a service [IAAS]; consultancy, advisory and information services in the field of deploying cloud computing environments in the field of infrastructure as a service [IAAS]; consultancy and research in the field of quantum algorithms; consultancy and research in the field of quantum computing; artificial intelligence consultancy; computer technology consultation in the field of machine learning and artificial intelligence; technical consulting in the field of artificial intelligence; consultancy, advisory and information services relating to the aforesaid services.

**BROOKFIELD OFFICE PROPERTIES INC., Suite 100, Brookfield Place, 181 Bay Street, Toronto, Ontario M5J2T3, Canada - 17/02/2026. Address for service is: Smith & Co., Wessex House, 45 Reid Street, Hamilton HM 12, Bermuda.**

**Trade Mark Application No. 63355**

**Class 4:** Motor oil; racing oil; industrial oil; automotive lubricants; motor vehicle lubricants; marine lubricants; synthetic motor vehicle lubricants; industrial and vehicular lubricants; premium specialty industrial lubricants; all-purpose lubricants; lubricants, namely, grinding fluids; cutting fluids; general purpose greases; automotive greases; industrial grease; lubricating grease; non-mineral oils and greases for industrial purposes, not for fuel; synthetic lubricating oils; synthetic gear oil; lubricating oil; cutting oils; automotive engine oils; lubricating oils for motor vehicle engines, automobile engines, motorcycle engines, marine engines and small engines; automotive racing fuels; fuel for motor vehicles; motor fuel; fuels, namely, nitromethane, nitromethane based fuel, fuel containing nitromethane, methanol based fuel, fuel containing methanol, ethanol fuel, ethanol fuel mixtures, gasoline, leaded fuel, unleaded fuel, diesel fuel, and oxygenated fuel; non-chemical engine treatment preparations and additives for engine oils, gasoline and diesel fuels; non-chemical motor oil; and non-chemical motor oil additives.

**VP RACING FUELS, INC., 10205 Oasis St., San Antonio, TEXAS 78216, United States of America - 26/02/2026. Address for service is: ImPact Trademark Services LLC, 12 Cemetery Road, Pembroke, HM07, Bermuda.**

# **ALOFT BY MARRIOTT**

**Trade Mark Application No. 63363**

**Class 35:** Advertising services; franchise services, namely, offering business management assistance in the establishment and operation of hotels; business management services, namely, management and operation of hotels; retail store services connected with the sale of convenience store items; business management consultation services; business administration services.

**MARRIOTT WORLDWIDE CORPORATION, 7750 Wisconsin Avenue, Bethesda, Maryland 20814, United States of America - 27/02/2026. Address for service is: Conyers Dill & Pearman Limited, Clarendon House, 2 Church Street, Hamilton HM CX, Bermuda.**
