This document is the Information Statement for the Commercial Fisheries Council. In accordance with the Public Access To Information (PATI) Act 2010, every public authority has a legal duty to maintain an Information Statement.

The purpose of the PATI Act and this document is to make information readily available to the public without the need for specific written requests, to encourage authorities to proactively publish information and to develop a culture of openness. Every person who is a Bermudian, or resident of Bermuda, has a right to access any record held by a public authority, and a right to amend their personal information held by a public authority if it is incorrect or misleading. However, several classes of information are exempt, including: Personal information (unless it relates to the requestor); Sensitive commercial, information received in confidence; Operations and deliberations of Public Authorities; Cabinet, Ministerial and Governors documents; and Legal documents. All exemptions are subject to the public interest test, except those that would be in contempt of Court, infringe Parliamentary privilege or are prohibited by other legislation [for more information see sections 21 to 40, PATI Act].

How to make a request
Requests for information, or to amend your personal information, must be in writing using the application form, and submitted to the Department Information Officer (see Section G for contact details). A request must identify the record, the subject and time period, and may specify the manner in which access is preferred. Please note there is a small fee levied for reproducing materials (as per the Government Fees Regulations 1976, and as listed on the application form).
