

Primary 1 Screening

What is it?

- There are 3 components to this year's screening, Speech and Language (S&L), Occupational Therapy (OT) and Physical Therapy (PT).
- Each area will assess the student's abilities to make sure that he or she is age appropriate. In the event that a student does not pass the screening, another appointment will be made for the student to be fully assessed.

Who gets screened?

- All students entering public primary school in September 2018, who have not been previously identified, will need to be screened.

When is the screening?

- July 4 – 18, 2018

Where will the screening take place?

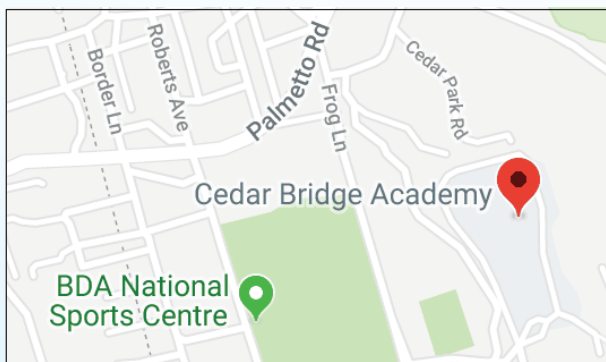

- All screenings take place at CedarBridge Academy,
1 CedarBridge Lane, Devonshire DV 02

How does the screening work?

- Parents will be contacted to set up an appointment with therapists. The screenings can last between 20-60 minutes depending on how many screenings. Example, a student may need to be screened for Speech and Language only, or he/she may need to be screened for S&L, OT and PT.

For more information, contact Teresa Woolridge @ 278-6427 or email P1screening@gov.bm

****It is strongly encouraged that everyone who needs to be screened attends**
