## **COVID-19 PROTOCOLS FOR MARINERS**

International travel during the COVID-19 pandemic has risks. Our traveller protocols are designed to protect you and Bermuda.

Travellers to Bermuda must follow the requirements set-out in the <u>Quarantine (COVID-19)</u> (No.3) Order 2020.

Due to the COVID-19 pandemic, the Bermuda Government has put in place mariner protocols, which include the requirement to apply for a Travel Authorisation.

**IMPORTANT:** By applying for a Travel Authorisation, visitors and residents agree to comply with Bermuda's quarantine and public health law instructions at all times. If you test positive at any time you shall self-isolate for 14 days at your accommodation or on your vessel, at your cost. If you are a close contact of a positive person, you will self-quarantine for 14 days, at your cost. By purchasing a Travel Authorisation you agree to comply with Bermuda's laws designed to protect residents and visitors from COVID-19 spread.

Please refer to the Protocols for Mariners' contained in this document before you apply for the Travel Authorisation.

To apply for a Mariner's Travel Authorisation, visit: <u>https://www.gov.bm/mariners-travel-authorisation</u>

Get a COVID-19 PCR Test*Apply for Travel Authorisation (TA)Travel4:On Island1. Negative COVID-19 PCR test result taken within 5 days of arrival in Bermuda from last port.
