FutureCare Plans

**Standard Health Benefits:**

All HID policies include basic Standard Health Benefits (SHB). The Standard Health Benefit is a list of basic benefits that are included in all Bermuda Health Insurance plans. These are generally in-patient or out-patient services provided at the King Edward Memorial Hospital or other facilities approved by the Bermuda Health Council (BHeC). For a list of providers and facilities approved by BHeC, please see the Reimbursement Schedule on the BHeC website, [www.bhec.bm/reimbursement-rates/](http://www.bhec.bm/reimbursement-rates/). For a list of Standard Health benefits and fees, please consult the Health Insurance (Standard Health Benefit) Regulations 1971 and the Bermuda Hospitals Board (Hospital Fees) Regulation on the Bermuda Laws Online website.

**Supplemental Benefits:**

The Supplemental Benefits covered as part of the HID plans include overseas treatment coverage, specialist visits, Wellness Benefit, Dental Benefits, top up coverage for Kidney transplant, and Personal Home Care Services. The Supplemental benefit also identifies what is not covered by the Plan. The HID Supplemental Benefits can be found in the HID Basic Benefits table above, and the Dental or Overseas Brochures. The legislation that governs these benefits can be found on the Bermuda Laws Online website in the Health Insurance (Health Insurance Plan) (Additional Benefits) Order 1988 and Health Insurance (FutureCare Plan) (Additional Benefits) Order 2009.

Certificate of Entitlement

What is a Certificate of Entitlement?
Certificate of Entitlement (COE) is a Government Subsidized Fund Benefit, for those whom are deemed eligible residents of Bermuda once they have turned the age of 65 years. The benefit pays a percentile of local hospitalized treatments and services (Standard Health Benefits) as well as becoming eligible for paying a reduced premium for HIP and FutureCare Heath Insurance policies.

How am I deemed eligible?
Any person over the age of 65 years who has been a resident of Bermuda for a continuous period of not less than 10 years during the period of 20 years immediately preceding their 65th birthdate, whether they are insured or not. During those ten (10) years if you have been absent abroad for more than three (3) months in any year (other than
for purposes of educational/vocational training or on holiday) you will then break your tenure of being deemed eligible. Therefore your eligibility timeframe will reinstate on your return.

**What does this benefit cover?**

For persons age 65 years to 74 years who qualify for a Certificate of Entitlement, 70% of the Standard Health Benefits such as hospital bed fees and/or tests are covered by Government. For persons 75 years and older who qualify, 80% of the Standard Health Benefits such as hospital bed fees and/or tests are covered by Government.

**How do I apply?**

Once you have turned 65 years you should receive an application along with your pension forms. Alternatively, you can collect an application from the Health Insurance Department, the Department of Social Insurance or online from the Government Website www.gov.bm.

**How do I transfer or cancel my policy with HID?**

By using the FORM-CA02 – Policy Cancellation or Plan Transfer form, a policyholder can cancel their existing plan or transfer between the HIP and FutureCare plans.

**Frequently Asked Questions:**

**What happens if I miss paying my premium?**

For both Individuals and Groups, policies will be terminated at sixty (60) days of non-payment of premium. After the 30 of non-payment of premiums, HID sends out letters advising policyholders of their lapse in premium payment and that their claims will be denied. If the policyholder does not make their premium payment by the sixtieth (60th) day, their policy will be terminated. HID also sends notification at this point that their account is terminated.

**My account is in lapsed status, but not terminated, and my claims are being denied. Can I pay the outstanding premium to bring my account back to good standing?**

Yes, so long as it is prior to your account being terminated (account is overdue less than 59 days). Once your account is back in good standing, the denied claims can be resubmitted for adjudication.

**If my policy was terminated due to non-payment of premium, can I re-enrol with HID at a later date?**

Yes, but the Group or Individual would need to complete and re-submit new enrolment forms and information to HID. The new policy effective date will be the 1st of either the current month or the month following HID’s receipt of the application and first premium payment.

**Can I have my new policy backdated to the termination date of my prior policy?**

No. As per legislation, HID cannot back date the effective date of a policy.

**If I have claims during the lapsed period between my old and new policies, are they covered? Can I be reimbursed?**

No. During the lapsed period between the old and new HID policies, any claims incurred are the responsibility of the individual or employer. HID will not cover any claims with service dates during the lapsed period.

**If I have a child on my policy and the policy is terminated due to missed premium payments, can I re-enrol my child?**

No. Enrolment of child is only possible at the time of the parent’s initial enrolment.
What if I have a newborn?
Yes, you have 30 days from the child’s birth to enrol the child under your existing HIP plan.

What if my child was covered under another insurer, can I enrol them with HID?
If one parent has an existing HIP plan, yes. The child must be enrolled with HID within 30 days of the prior policy being terminated.

If my Employer has enrolled me in their Group plan, how do I know I am covered?
The Employer is required to provide a written statement to the employee with the name and address of the Insurer with whom the employee’s policy is with. This needs to include the start of coverage date and the policy number.

How much can the Employer deduct from my salary to pay towards my health premium?
The Employer is required to pay the total cost of the monthly premium payable however, they may deduct up to 50% of the monthly premium due for the employee, and their non-employed spouse if applicable, from the employee’s paycheck.

What does “non-employed spouse” mean?
“Non-Employed Spouse” means the lawfully married spouse of the employee. The spouse must reside in Bermuda in the same household as the employee.

What if my spouse is employed or self-employed?
If employed or self-employed, the spouse will need to have basic health benefits coverage outside of the Group plan.

For more details on the duties of the Employer and Employee and penalties, please see Section III – Compulsory Health Insurance Scheme in the Health Insurance Act 1970 on the Bermuda Laws Online website.

If I need vision preserving surgery, would it be covered?
If an eye injury is related to chronic disease or trauma/injury, it is covered. HIP participants are covered to a maximum surgery benefit of $2,177. FutureCare participants are covered up to 75% of the surgery costs. Treatment must be received at an approved facility as per the Standard Health Benefits.

I have been enrolled with a HID policy since October 1, 2018 but as of July 29, 2019 was not eligible for the Personal Home Care (PHC) Benefit. Will I still need to be means tested when I apply for the PHC Benefit in October 2019?
If your policy has been active with no lapses in coverage or re-enrolments on or after July 29, 2019, those who had active policies prior to July 29, 2019 will not have to undergo means testing should they apply for the PHC benefit.

I am currently receiving Personal Home Care benefit coverage. When I have my re-assessment, will I need to undergo means testing?
So long as your policy was active and maintained prior to July 29, 2019, you will not have to undergo means testing when you are re-assessed.

Overseas Coverage.

Overseas treatment is a benefit provided by HIP and FutureCare under their respective Supplemental Benefit Orders. HID’s overseas benefit uses a preferred network of overseas providers (in-network) to help manage treatment costs. As such, the benefit coverage is different between facilities inside of HID’s preferred provider

Tier II: Out of Network Facilities

The overseas facilities which are within the GMMI network but outside of the HIC Approved Hospitals Network will be covered at the reduced “out of Network” rates for HIP (40%) and FutureCare (55%) policyholders.

Tier III: Facilities Not Covered

Per Section 11 (1A) (b) of the Health Insurance (FutureCare Plan) (Additional Benefits) Order 2009 and Section 14 (1A) (b) of the Health Insurance (Health Insurance Plan) (Additional Benefits) Order 1988, treatment will not be covered by HID at these facilities for service dates on or after October 1, 2019. If policyholders are referred to these facilities, GMMI should be contacted to advise and re-direct policyholder to an in-network facility.
HID uses an overseas care management company, Global Medical Management Inc. (GMMI) to assist with coordinating our policyholder’s overseas treatment. GMMI is available 24/7 and can assist with emergency assistance overseas, provide information about HID’s overseas preferred provider network. GMMI negotiate rates for treatment facilities both in HID’s preferred network and in the overall GMMI network. Policyholders who are referred for overseas treatment must contact GMMI to organize their treatment. The basic rules that govern HID’s overseas benefit are listed below. These apply to both the HIP and FutureCare plans:

1. The treatment must be medically necessary and not available in Bermuda. The following two items are exceptions to this rule:
   a. Radiation treatment is covered overseas according to the policyholder’s plan and facility/network used.
   b. FutureCare policyholder vision benefits are available overseas.
2. Policyholder must have a referral from a Specialist or Physician.
3. GMMI must be contacted to organize care for the policyholder and negotiate reduced cost for care.

GMMI Contact Information:
- Toll free (US) 844-570-3937
- Direct line/collect (US) 954-334-7710
- From Bermuda 441-278-9870
- Fax (Bermuda) 441-278-9874
- Fax (US) 954-334-7711

Alternatively, you can contact GMMI via email at BermudaGov@gmmi.com.

If policyholder is travelling abroad, only emergency care is covered. Emergency is defined as “an injury or illness that is acute and an immediate risk to a person’s life or long-term health”.

**HID Benefits Limits and Exclusions:**

1. Overseas treatment is limited to 45 days in-patient stay during a twelve (12) month period for the same diagnosis;
2. Overseas treatment is limited to in-patient and out-patient hospital treatment within the preferred network of treatment facilities;
