## Air Arrivals

During the third quarter of 2013, air arrivals increased 2.4 per cent compared to the same quarter of 2012. A total of 82,819 visitors arrived by air to the Island, up from 80,852 a year ago. The increase in total air visitors was partly attributed to the 20.4 per cent rise or 1,461 more passengers from the United Kingdom. Visitors from all other countries rose 25.6 per cent while arrivals from the United States, Bermuda's largest tourist market, fractionally increased 0.6 per cent compared to the third quarter of 2012 .

In contrast, air arrivals from Canada dropped by 12.2 per cent or close to 1,000 fewer visitors. This reflected the reduction in airline flights from the Canadian market.

An analysis of visitors by intended type of accommodation revealed that housekeeping accommodations saw the largest relative increase of 13.6 per cent. The number of guests staying at private homes rose by 11.8 per cent. In absolute terms, this accounted for an increase of over 2,000 visitors lodging at private homes. Visitors staying at the smaller hotels increased 1.4 per cent, while the occupancy level at guest houses fractionally increased 0.4 per cent. In contrast, resort hotels registered a 1.8 per cent dip in reservation bookings.

3rd Quarter Air Arrivals

## Expenditure by Air Arrivals

Passengers arriving to the Island by air spent an estimated $\$ 120.2$ million during the third quarter of 2013, representing an increase of $\$ 1$ million or 0.8 per cent. Visitors reported spending 26.1 per cent more on shopping, entertainment and other services such as recreational and leisure services. This translated to an injection of $\$ 6.5$ million. However, expenditure on accommodations and food declined 5.8 per cent.

## Cruise Arrivals \& Expenditure

During the third quarter of 2013, the number of cruise ship passengers travelling to Bermuda decreased 12.1 per cent to 157,373 passengers. This decline was directly attributed to 20 fewer cruise ship calls at Bermuda's ports compared to the same quarter in 2012.

Expenditure by cruise visitors on local goods and services, including entertainment, souvenirs, sightseeing, sports activities and transportation declined to $\$ 33.7$ million. This reflected
an 11.1 per cent fall in spending level or $\$ 4.2$ million less year-over-year.

## Hotel Gross Receipts

Hotel gross receipts were up $\$ 1.2$ million reaching a level of $\$ 81.2$ million. Sales revenue earned by resort hotels increased 1.4 per cent to $\$ 72$ million, primarily due to a modest increase in room sales. Cottage colonies experienced the largest relative growth in sales revenue of 4.1 per cent. Other guest accommodations registered a 2.8 per cent rise in sales receipts while sales revenue earned by small hotels increased 2.4 per cent.
