

# Quarterly Bulletin of Statistics

## Q3 2015 Highlights

### Imports

- Imports declined 12.5 per cent to \$221.8 million (See Figure 1; Table 1). The decline was due mainly to a 64.2 per cent drop in fuel imports. The value of imports for the commodity group of food, beverages and tobacco decreased 5.3 per cent and imports of finished equipment decreased 0.9 per cent. In contrast, imports from all other commodity groups increased.
- Imports from Bermuda's largest trading partner, the United States, fell 16.8 per cent to \$143.9 million during the third quarter. Imports from Canada also declined. In contrast, the value of imports increased from the United Kingdom, Caribbean and all other countries (See Table 2).

### Employment Income by Industry

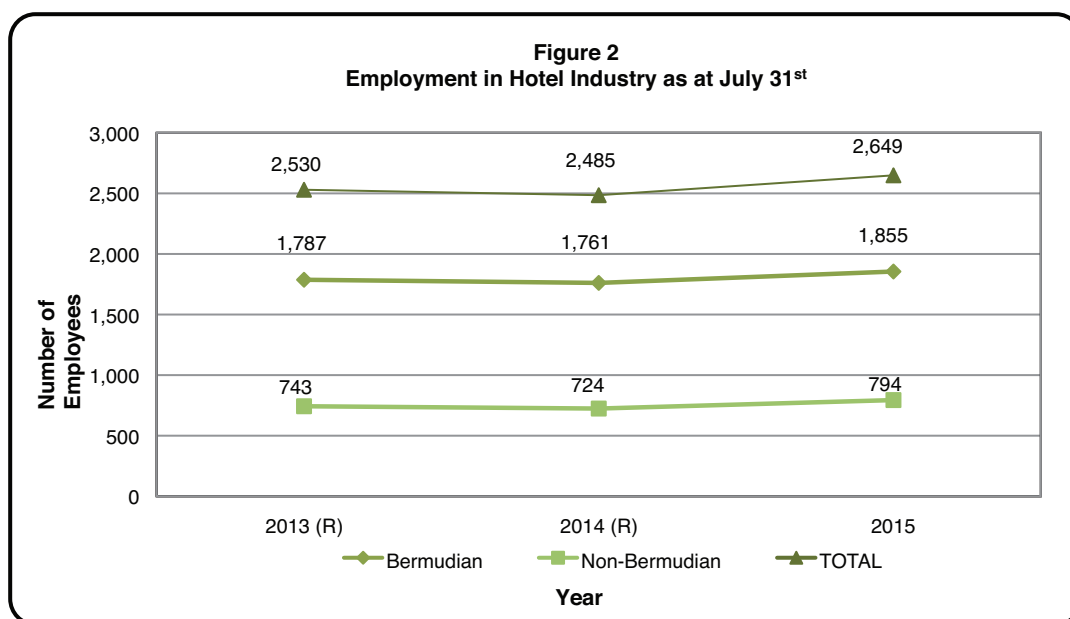

- Employment income increased 3.4 per cent or \$25.3 million. The international business sector recorded the largest percentage increase in remuneration of 9.8 per cent due primarily to bonuses and stock options (See Table 3).

## Arrivals and Expenditure

- The Island hosted 76,479 air visitors during the third quarter of 2015, a decline of 2.2 per cent year-over-year (See Table 4). Estimated total expenditure by air visitors declined 12.1 per cent to \$94.7 million compared to the same period of 2014. Visitors spent \$15.8 million less on accommodation and food but \$2.7 million more on shopping, entertainment and transport services. (See Table 5).
- A total of fifty-four cruise ships visited the Island carrying 182,256 passengers (See Table 4). Total expenditure for these passengers was estimated at \$38.0 million (See Table 5). In comparison, fifty-three cruise ships visited Bermuda’s ports during the same period in 2014 and \$35.3 million was spent by cruise visitors.

## Hotel Accommodations

- At the end of July 2015, there were 2,649 workers employed within the hotel industry (See Figure 2). The level of employment increased by 164 employees, representing 94 Bermudians and 70 non-Bermudians.
- Hotel gross receipts totaled \$97.9 million. This represented an increase of 1.9 per cent or \$1.8 million (See Table 6). The rise in receipts was due to increases in room, food and alcohol sales.

## Overseas Declarations by Residents

Overseas declarations by residents increased 2.5 per cent to \$15.9 million (See Table 7). Higher levels of overseas spending were declared for five of the nine commodity groupings with the largest percentage increase of 7.5 per cent reported for the jewellery and watches category.
