Procedure Summary:

Checklist

- | | |
|---|--------------------------|
| 1. Waste Contractor completes Receipt #1 for the actual amount of waste collected from ship | <input type="checkbox"/> |
| 2. Waste Contractor obtains signature of Receipt #2 from inspector of Waste Reception Facility. | <input type="checkbox"/> |
| 3. Waste Contractor retains the completed form and returns to Shipping Agent weekly. | <input type="checkbox"/> |
| 4. Shipping Agent passes actual or scanned forms to the Department weekly. | <input type="checkbox"/> |

† Note that landing of Special Waste and HAZMAT in Bermuda will incur full costs to repackage and ship back to the US to the EPA standards. Contact KEMH before disposing of medical waste (441-236-2345) or the Chief Environmental Health Officer if required Tel: 2785388.

‡ Due to the risk of fruit and vegetable-borne insects being invasive to Bermuda from uncooked food waste all food waste landed in Bermuda is to be sent to the Incinerator at Tynes Bay WTE Facility for disposal.
