This "tool box" includes information on the statistics of child sexual abuse in both Bermuda and the U.S., important information parents should know about child sexual abuse, questions parents should ask when enrolling their child in a program, inappropriate behaviors to watch for when adults are with children, warning signs which are cause of concern for young and older children, information on how to protect your child on the internet, and information on how sex offenders groom and seduce their victims.

PLEASE NOTE: THIS IS AN ADULT PRESENTATION – NO CHILDREN ALLOWED
