# PART 1 – INVITATION AND SUBMISSION INSTRUCTIONS

## 1.1 Invitation to Proponents

This Request for Proposals (the “RFP”) is an invitation by the Government of Bermuda (the “Government”) to prospective proponents to submit proposals for **Swing Bridge and Longbird Bridge Detailed Design Independent Check** as further described in Section A of the RFP Particulars (Appendix D) (the “Deliverables”).

The Government of Bermuda is seeking proposals from parties to conduct a Category 3 Independent Check of the Swing Bridge and Longbird Bridge replacement structures. This includes examination of the final construction drawings, bar schedules, functional specifications, and proposed construction sequence, using comparative calculations by a team of engineers that are independent of the designer's organisation.

The independent check team must be competent in the field of work undertaken and have relevant experience in designing and/or performing independent checks of movable bridges; tied-arch bridges and bridge structures with orthotropic decks and composite decks. The team should demonstrate that it has qualifications commensurate with the complexity of the respective bridge designs.

### The Swing Bridge Replacement - Bascule Bridge:

The Swing Bridge Replacement is a seven span viaduct that links St. David's with St. George's, crossing the channel between Ferry Reach and Stocks Harbour with a main navigation channel width of 22m. The overall length of the bridge between abutment bearings is 152.8m. The bridge comprises a two lane carriage way with two 3.5m traffic lanes and two footways with a width of 1.2m on both the East and West side of the bridge. The Swing Bridge replacement will be constructed beside the existing Swing Bridge.

The lift span comprises a main steel box girder with a curved soffit that incorporates a grillage of transverse steel diaphragms, longitudinal webs, and an external steel plate shell. The upper face of this box supports the running surface of the carriageway and comprises an orthotropic steel deck with trough stiffeners spanning between transverse diaphragms. The lift span is actuated with hydraulic cylinders and accompanying equipment.

The approach spans comprise a main steel box girder with a curved soffit and a composite concrete deck supporting the carriageway. The box girder incorporates a grillage of transverse steel diaphragms, longitudinal webs, and longitudinal plate stiffeners.

All spans are supported by reinforced concrete abutments and piers formed on reinforced concrete pile caps seated on driven tubular steel piles.

### The Longbird Bridge Replacement – Tied Arch Bridge:

Longbird bridge provides linkage between L.F Wade Bermuda International Airport on St. David's Island, and Hamilton Parish mainland to the south west. Due to concerns over the structural integrity of the bridge, the traffic has been redirected to a pair of temporary Mabey Bridges located to the north-west of the original slewing bridge since 2007. The Longbird bridge replacement will be constructed on the line of the original slewing bridge.

Longbird Bridge Replacement consist of a fixed single span pair of tied arches with a clear width 49m navigation channel. The carriageway will have two traffic lanes with a width of 3.5m each and one footway with a width of 1.20m. The steel arches support the main box girder, which is connected at its edges to the arch's bottom chord. The arches top chord and bottom chord are connected by steel hangers. The arch chords and hangers are protected from errant traffic by a combination of a VRS system and high containment kerbs. The reinforced concrete upper face of the box girder supports the running surface of the carriageway and acts compositely with the box girder transverse diaphragms.

The superstructure is supported by reinforced concrete abutments at both ends, which in turn are supported by driven tubular steel piles.

## **1.2 RFP Contact**

For the purposes of this procurement process, the "RFP Contact" will be:

Mr. Austin Kenny, Principal Structural Engineer, at [avkenny@gov.bm](mailto:avkenny@gov.bm)

Proponents and their representatives are not permitted to contact any employees, officers, agents, elected or appointed officials or other representatives of the Government, other than the RFP Contact, concerning matters regarding this RFP. Failure to adhere to this rule may result in the disqualification of the proponent and the rejection of the proponent's proposal.

Prior to the Submission Deadline noted in the RFP timetable below, proponents that download this file and intend to respond to this RFP are required to register their interest with the RFP contact by emailing their company name and contact information to Mr. Austin Kenny, Principal Structural Engineer, at [avkenny@gov.bm](mailto:avkenny@gov.bm)

Amendment/addenda (if any) will be posted at <https://www.gov.bm/procurement-notices>. Proponents should visit the Government Portal on a regular basis during the procurement process.

## **1.3 Type of Contract for Deliverables**

The selected proponent will be requested to enter into direct contract negotiations to finalize an agreement with the Government for the provision of the Deliverables. The terms and conditions found in the Form of Agreement (Appendix A) are to form the basis for commencing negotiations between the Government and the selected proponent. It is the Government's intention to enter into an agreement with only one (1) legal entity.

The term of the agreement is to be for a period of 12 months, with an option in favour of the Government to extend the agreement terms and conditions acceptable to the Government and the selected proponent for an additional term of up to 6 months. An Agreement is subject to change until fully executed.

Joint submissions are acceptable however, if a joint submission is made, the submission must clearly indicate which party will act as the prime contractor.

## 1.4 RFP Timetable

### 1.4.1 Key Dates

Issue Date of RFP	Wednesday May 10, 2023
Pre-Bid Conference Call	Wednesday May 24, 2023 11:00 AM
Deadline for Questions	Wednesday June 07, 2023
Deadline for Issuing Addenda	Wednesday June 14, 2023
Submission Deadline	Thursday June 29, 2023 03:00:00 PM
Rectification Period	3 business days
Anticipated Ranking of Proponents	Thursday July 06, 2023
Contract Negotiation Period	14 calendar days
Anticipated Execution of Agreement	Monday August 07, 2023

All times listed are Bermuda local time. The RFP timetable is tentative only and may be changed by the Government at any time. For greater clarity, business days means all days that the Government is open for business.

### 1.4.2 Pre-Bid Conference Call

The Government will conduct a pre-bid conference call on Monday the 24th of May at 11am Atlantic Standard Time to answer any questions potential bidders may have. Details of the call To Be Announced.

## 1.5 Submission of Proposals

### 1.5.1 Proposals to be Submitted at Prescribed Location

Proposals must be submitted to:

Tender Box at the Ministry of Public Works,  
Located on the 3rd Floor, General Post Office Building,  
56, Church Street, Hamilton, HM12, Bermuda.

Or

In the case of Electronic mail (E-Mail), submissions are accepted at [avkenny@gov.bm](mailto:avkenny@gov.bm). If documents are larger than ten (10) MB please send them within a zip file.

Facsimile submissions are not accepted

### 1.5.2 Proposals to be Submitted on Time

Proposals must be submitted at the location set out above on or before the Submission Deadline. Proposals submitted after the deadline will be rejected.

### 1.5.3 Proposals to be Submitted in Prescribed Format

Proponents shall submit at minimum 3 original signed hard copies of their proposal or one (1) electronic copy (e-copy) in Microsoft Word or Adobe PDF format. If both a hard copy and an e-copy of the proposal are submitted and there is a conflict or inconsistency between the hard copy and the e-copy of the proposal, the hard copy of the proposal will prevail.

The original and all copies of the proposal shall be typed or written in indelible ink and shall be signed by a person duly authorized to sign on behalf of the Proponent. This authorization shall consist of a written authorization and shall be attached to the Submission Form included in (Appendix B). The name and position held by each person signing the authorization must be typed or printed below the signature. An Electronic Record of Signature will be accepted in the submission only in accordance with the requirements laid out in the Electronic Transactions Act 1999. Any interlineation, erasures, or overwriting shall be valid only if they are signed or initialed by the person signing the proposal.

Proposals should be submitted in a sealed package and prominently marked with the RFP title and number (see RFP cover) and will not be opened until Thursday June 29, 2023 03:00:00 PM. The full legal name and return address of the proponent should be marked on the package as well.

#### **1.5.4 Amendment of Proposals**

Proponents may amend their proposals prior to the Submission Deadline by submitting the amendment in a sealed package prominently marked with the RFP title and number and the full legal name and return address of the proponent to the location set out above. Any amendment should clearly indicate which part of the proposal the amendment is intended to amend or replace.

#### **1.5.5 Withdrawal of Proposals**

At any time throughout the RFP process until the execution of a written agreement for the provision of the Deliverables, a proponent may withdraw a submitted proposal. To withdraw a proposal, a notice of withdrawal must be sent to the RFP Contact and must be signed by an authorized representative of the proponent. The Government is under no obligation to return withdrawn proposals.

[End of Part 1]

## **PART 2 – EVALUATION, NEGOTIATION AND AWARD**

### **2.1 Stages of Evaluation and Negotiation**

The Government will conduct the evaluation of proposals and negotiations in the following stages:

### **2.2 Stage I – Mandatory Submission Requirements**

Stage I will consist of a review to determine which proposals comply with all of the mandatory submission requirements. If a proposal fails to satisfy all of the mandatory submission requirements, the Government will issue the proponent a rectification notice identifying the deficiencies and providing the proponent an opportunity to rectify the deficiencies. If the proponent fails to satisfy the mandatory submission requirements within the Rectification Period, its proposal will be rejected. The Rectification Period will begin to run from the date and time that the Government issues a rectification notice to the proponent. The mandatory submission requirements are set out in Section C of the RFP Particulars (Appendix D).

### **2.3 Stage II – Evaluation**

Stage II will consist of the following two sub-stages:

#### **2.3.1 Mandatory Technical Requirements**

The Government will review the proposals to determine whether the mandatory technical requirements, as set out in Section D of the RFP Particulars (Appendix D), have been met. Questions or queries on the part of the Government as to whether a proposal has met the mandatory technical requirements will be subject to the verification and clarification process set out in Part 3.

#### **2.3.2 Rated Criteria**

The Government will evaluate each qualified proposal on the basis of the non-price rated criteria as set out in Section F of the RFP Particulars (Appendix D).

### **2.4 Stage III – Pricing**

Stage III will consist of a scoring of the submitted pricing of each qualified proposal in accordance with the price evaluation method set out in Pricing (Appendix C). The evaluation of the price will be undertaken after the evaluation of mandatory requirements, and rated criteria has been completed.

### **2.5 Stage IV – Ranking and Contract Negotiations**

#### **2.5.1 Ranking of Proponents**

After the completion of Stage III, all scores from Stage II and Stage III will be added together, and the proponents will be ranked based on their total scores. The top-ranked proponent will receive a written invitation to enter into direct contract negotiations to finalize the agreement with the Government. In the event of a tie, the selected proponent will be the proponent selected by way of the lowest price.

## **2.5.2 Contract Negotiation Process**

Any negotiations will be subject to the process rules contained in the Terms and Conditions of the RFP Process (Part 3) and will not constitute a legally binding offer to enter into a contract on the part of the Government or the proponent and there will be no legally binding relationship created with any proponent prior to the execution of a written agreement. The terms and conditions found in the Form of Agreement (Appendix A) intended to provide the proponent advance notice of some of the key contractual provisions including indemnities, limitation of liabilities, service requirements, etc. that would be contained in the form of contract and are to form the basis for commencing negotiations between the Government and the selected proponent. Negotiations may include requests by the Government for supplementary information from the proponent to verify, clarify or supplement the information provided in its proposal or to confirm the conclusions reached in the evaluation, and may include requests by the Government for improved pricing or performance terms from the proponent.

## **2.5.3 Time Period for Negotiations**

The Government intends to conclude negotiations and finalize the agreement with the top-ranked proponent during the Contract Negotiation Period, commencing from the date the Government invites the top-ranked proponent to enter negotiations. A proponent invited to enter into direct contract negotiations should therefore be prepared to satisfy the pre-conditions of award listed in Section E of the RFP Particulars (Appendix D), provide requested information in a timely fashion and conduct its negotiations expeditiously.

## **2.5.4 Failure to Enter into Agreement**

If the pre-conditions of award listed in Section E of the RFP Particulars (Appendix D) are not satisfied or if the parties cannot conclude negotiations and finalize the agreement for the Deliverables within the Contract Negotiation Period, the Government may discontinue negotiations with the top-ranked proponent and may invite the next-best-ranked proponent to enter into negotiations. This process will continue until an agreement is finalized, until there are no more proponents remaining that are eligible for negotiations or until the Government elects to cancel the RFP process.

## **2.5.5 Notification of Negotiation Status**

Other proponents that may become eligible for contract negotiations may be notified at the commencement of the negotiation process with the top-ranked proponent.

[End of Part 2]

## **PART 3 – TERMS AND CONDITIONS OF THE RFP PROCESS**

### **3.1 General Information and Instructions**

#### **3.1.1 Proponents to Follow Instructions**

Proponents should structure their proposals in accordance with the instructions in this RFP. Where information is requested in this RFP, any response made in a proposal should reference the applicable section numbers of this RFP.

#### **3.1.2 Proposals in English**

All proposals must be written in the English language only.

#### **3.1.3 No Incorporation by Reference**

The entire content of the proponent's proposal should be submitted in a fixed form, and the content of websites or other external documents referred to in the proponent's proposal but not attached will not be considered to form part of its proposal.

#### **3.1.4 References and Past Performance**

In the evaluation process, the Government may include information provided by the proponent's referees and may also consider the proponent's past performance or conduct on previous contracts with the Government or other institutions.

#### **3.1.5 Information in RFP Only an Estimate**

The Government and its advisers make no representation, warranty or guarantee as to the accuracy of the information or empirical data contained in this RFP or issued by way of addenda. Any quantities shown or data contained in this RFP or provided by way of addenda are estimates only, and are for the sole purpose of indicating to proponents the general scale and scope of the Deliverables. It is the proponent's responsibility to obtain all the information necessary to prepare a proposal in response to this RFP.

#### **3.1.6 Proponents to Bear Their Own Costs**

The proponent will bear all costs associated with or incurred in the preparation and presentation of its proposal, including, if applicable, costs incurred for interviews, travel or demonstrations.

#### **3.1.7 Proposal to be Retained by the Government**

The Government will not return the proposal or any accompanying documentation submitted by a proponent.

#### **3.1.8 No Guarantee of Volume of Work or Exclusivity of Contract**

The Government makes no guarantee of the value or volume of work to be assigned to the successful proponent. The agreement to be negotiated with the selected proponent will not be an exclusive contract for the provision of the described Deliverables. The Government may contract

with others for goods and services the same as or similar to the Deliverables or may obtain such goods and services internally.

### **3.1.9 Equivalency**

When proprietary names, brands, catalogues or reference numbers are specified in the Deliverables, they are intended to set a minimum standard, and preference for any particular material or equipment is not intended. The proponent may offer material or equipment of similar characteristics, type, quality, appearance, finish, method of construction and performance and if doing so must disclose any difference in the characteristics, type, quality, appearance, finish, method of construction or performance of the material or equipment.

## **3.2 Communication after Issuance of RFP**

### **3.2.1 Proponents to Review RFP**

Proponents should promptly examine all of the documents comprising this RFP, and may direct questions or seek additional information in writing by email to the RFP Contact on or before the Deadline for Questions. No such communications are to be directed to anyone other than the RFP Contact. The Government is under no obligation to provide additional information, and the Government is not responsible for any information provided by or obtained from any source other than the RFP Contact. It is the responsibility of the proponent to seek clarification from the RFP Contact on any matter it considers to be unclear. The Government is not responsible for any misunderstanding on the part of the proponent concerning this RFP or its process.

### **3.2.2 All New Information to Proponents by Way of Addenda**

This RFP may be amended only by addendum in accordance with this section. If the Government, for any reason, determines that it is necessary to provide additional information relating to this RFP, such information will be communicated to all proponents by addendum. All addenda will be published online at <https://www.gov.bm/procurement-notices>. Each addendum forms an integral part of this RFP and may contain important information, including significant changes to this RFP. Proponents are responsible for obtaining all addenda issued by the Government. In the Submission Form (Appendix B), proponents must confirm their receipt of all addenda by setting out the number of each addendum in the space provided.

### **3.2.3 Post-Deadline Addenda and Extension of Submission Deadline**

If the Government determines that it is necessary to issue an addendum after the Deadline for Issuing Addenda, the Government may extend the Submission Deadline.

### **3.2.4 Verify, Clarify and Supplement**

When evaluating proposals, the Government may request further information from the proponent or third parties in order to verify, clarify or supplement the information provided in the proponent's proposal. The information may include, without limitation, clarification with respect to whether a proposal meets the mandatory technical requirements set out in Section D of the RFP Particulars (Appendix D). The Government may revisit, re-evaluate and rescore the proponent's response or ranking on the basis of any such information.

### **3.3 Notification and Debriefing**

#### **3.3.1 Notification to Other Proponents**

Once the Agreement is executed by the Government and a proponent, the other proponents may be notified directly in writing of the outcome of the procurement process.

#### **3.3.2 Debriefing**

Proponents may request a debriefing after receipt of a notification of the outcome of the procurement process. All requests must be in writing to the RFP Contact and must be made within sixty (60) days of such notification.

#### **3.3.3 Procurement Protest Procedure**

If a proponent wishes to challenge the RFP process, it should provide written notice to the RFP Contact in accordance with the Government's Complaints and Disputes procedures. The notice must provide a detailed explanation of the proponent's concern with the procurement process or its outcome.

### **3.4 Conflict of Interest and Prohibited Conduct**

#### **3.4.1 Conflict of Interest**

For the purposes of this RFP, the term "Conflict of Interest" includes, but is not limited to, any situation or circumstance where:

- (a) in relation to the RFP process, the proponent has an unfair advantage or engages in conduct, directly or indirectly, that may give it an unfair advantage, including but not limited to (i) having, or having access to, confidential information of the Government in the preparation of its proposal that is not available to other proponents, (ii) communicating with any person with a view to influencing preferred treatment in the RFP process (including but not limited to the lobbying of decision makers involved in the RFP process), or (iii) engaging in conduct that compromises, or could be seen to compromise, the integrity of the open and competitive RFP process or render that process non-competitive or unfair; or
- (b) in relation to the performance of its contractual obligations under a contract for the Deliverables, the proponent's other commitments, relationships or financial interests (i) could, or could be seen to, exercise an improper influence over the objective, unbiased and impartial exercise of its independent judgement, or (ii) could, or could be seen to, compromise, impair or be incompatible with the effective performance of its contractual obligations.

#### **3.4.2 Disqualification for Conflict of Interest**

The Government may disqualify a proponent for any conduct, situation or circumstances, determined by the Government, in its sole and absolute discretion, to constitute a Conflict of Interest as defined above.

### **3.4.3 Disqualification for Prohibited Conduct**

The Government may disqualify a proponent, rescind an invitation to negotiate or terminate a contract subsequently entered into if the Government determines that the proponent has engaged in any conduct prohibited by this RFP.

### **3.4.4 Prohibited Proponent Communications**

Proponents must not engage in any communications that could constitute a Conflict of Interest and should take note of the Conflict of Interest declaration set out in the Submission Form (Appendix B).

### **3.4.5 Proponent Not to Communicate with Media**

Proponents must not at any time directly or indirectly communicate with the media in relation to this RFP or any agreement entered into pursuant to this RFP without first obtaining the written permission of the RFP Contact.

### **3.4.6 No Lobbying**

Proponents shall not in relation to this RFP or the evaluation and selection process, engage directly or indirectly in any form of political action or other activity whatsoever to influence or attempt to influence Parliament, the Government, or to influence or attempt to influence any legislative or regulatory action, in the selection or evaluation of any proponent.

### **3.4.7 Illegal or Unethical Conduct**

The proponent represents, warrants, and covenants that, in connection with activities performed under this Agreement or on behalf of the Government, the proponent has not and will not offer, promise, authorise, pay, or act in furtherance of an offer, promise, authorization, or payment of anything of value, directly or indirectly, to a Government Official (as hereinafter defined), political party or party official, candidate for political office, or official of a public international organisation, in order to obtain or retain business, to secure an improper advantage or benefit of any kind or nature to person(s) related, associated or linked to the Government Official, or to secure or influence discretionary action, inaction or a decision of a Government Official(s). For purposes of this proposal, the term "Government Official" shall mean and include any official, public officer or employee of the Government, as well as an official or employee in the judicial, legislative, or military, anyone acting in an official capacity for the Government, or any immediate family member of such persons. The proponent represents, warrants, and covenants that it has complied and will comply with *The Bribery Act 2016* and all other applicable laws of any relevant jurisdiction in connection with the performance of this Agreement. Without limiting the generality of the foregoing, the proponent represents, warrants, and covenants that it has not and will not take any action that would cause the Government or anyone acting on their behalf to violate or be subjected to penalties under *The Bribery Act 2016*, or the applicable anti-corruption laws of other countries.

The proponent acknowledges and agrees that in the event that the Government believes, in good faith, that the proponent has breached this section, the Government shall have the right to immediately withdraw and terminate this opportunity and terminate any or all other agreements with the proponent.

### **3.4.8 Past Performance or Past Conduct**

The Government may prohibit a supplier from participating in a procurement process based on past performance or based on inappropriate conduct in a prior procurement process, including but not limited to the following:

- (a) illegal or unethical conduct as described above;
- (b) the refusal of the supplier to honour its submitted pricing or other commitments; or
- (c) any conduct, situation or circumstance determined by the Government, in its sole and absolute discretion, to have constituted an undisclosed Conflict of Interest.

### **3.4.9 No Collusion**

Proponents must not engage in any collusion and must sign the certificate as set out in the Certificate of Confirmation of Non-Collusion (Appendix E).

## **3.5 Confidential Information**

### **3.5.1 Confidential Information of the Government**

All information provided by or obtained from the Government in any form in connection with this RFP either before or after the issuance of this RFP

- (a) is the sole property of the Government and must be treated as confidential;
- (b) is not to be used for any purpose other than replying to this RFP and the performance of any subsequent contract for the Deliverables;
- (c) must not be disclosed without prior written authorization from the Government; and
- (d) must be returned by the proponent to the Government immediately upon the request of the Government.

### **3.5.2 Confidential Information of Proponent**

- (a) A proponent should identify any information in its proposal or any accompanying documentation supplied in confidence for which confidentiality is to be maintained by the Government. The confidentiality of such information will be maintained by the Government, except as otherwise required by the Public Access to Information Act 2010 or by order of a court or tribunal.
- (b) Proponents are advised that their proposals will, as necessary, be disclosed, on a confidential basis, to advisers retained by the Government to advise or assist with the RFP process, including the evaluation of proposals. If a proponent has any questions about the collection and use of personal information pursuant to this RFP, questions are to be submitted to the RFP Contact.
- (c) The Proponent is responsible to ensure that they comply with the *Personal Information Protection Act 2016* ("PIPA"), related to any information in the proponent's custody, care or control.

### **3.6 Procurement Process Non-Binding**

#### **3.6.1 No Process Contract and No Claims**

This RFP is a request for proposals only and participation in this RFP is not intended to create legal obligations between the Government and any of the proponents or their representatives. For greater certainty and without limitation:

- (a) Participation in this RFP will not give rise to any preliminary contract or collateral contract;
- (b) No proponent shall have any claim for any compensation of any kind whatsoever (whether in contract, tort, law, equity or otherwise), as a result of participating in this RFP, and by submitting a proposal each proponent shall be deemed to have agreed that it has no claim against the Government;
- (c) The decision to award or not to award a contract to any proponent is at the discretion of the Government. The Government shall have no liability to any proponent with respect to the awarding of a contract or the failure to award a contract to any proponent. Proponents acknowledge that the proponent that submits the proposal with the lowest price might not be awarded a contract.

#### **3.6.2 No Contract until Execution of Written Agreement**

This RFP process is intended to identify prospective suppliers for the purposes of negotiating potential agreements. No legal relationship or obligation regarding the procurement of any good or service will be created between the proponent and the Government by this RFP process until the successful negotiation and execution of a written agreement for the acquisition of such goods and/or services.

#### **3.6.3 Non-Binding Price Estimates**

While the pricing information provided in proposals will be non-binding prior to the execution of a written agreement, such information will be assessed during the evaluation of the proposals and the ranking of the proponents. Any inaccurate, misleading or incomplete information, including withdrawn or altered pricing, could adversely impact any such evaluation or ranking or the decision of the Government to enter into an agreement for the Deliverables.

#### **3.6.4 Cancellation**

The Government may cancel or amend the RFP process without liability at any time. Cancellation may occur, for example, if:

- (a) no qualitatively or financially worthwhile offer has been received or there has been no valid response at all;
- (b) the economic or technical parameters of the project have changed fundamentally;
- (c) exceptional circumstances or force majeure render normal implementation of the project impossible;
- (d) all offers exceed the financial resources available, or are otherwise inconsistent with the principles of economy, efficiency and effectiveness; or
- (e) irregularities require cancellation in the interest of fairness.

The publication of a procurement notice does not commit the Government to implement the programme or project announced.

### **3.7 Governing Law and Interpretation**

These Terms and Conditions of the RFP Process (Part 3):

- (a) are intended to be interpreted broadly and independently (with no particular provision intended to limit the scope of any other provision);
- (b) are non-exhaustive and will not be construed as intending to limit the pre-existing rights of the parties to engage in pre-contractual discussions in accordance with the common law governing direct commercial negotiations; and
- (c) are to be governed by and construed in accordance with the laws of Bermuda applicable therein.

[End of Part 3]

## APPENDIX A - FORM OF AGREEMENT

The terms and conditions found in the Form of Agreement (Appendix A) are intended to provide advance notice of some of the key contractual provisions of the Agreement, including indemnities, limitation of liabilities, service requirements, etc. that form the basis for commencing Agreement between the Government and the selected proponent.

The terms and conditions found in the sample Form of Agreement (Appendix A) are intended to provide advance notice of some of the key contractual provisions that would be contained in the form of contract.

The conditions of contract will be the **Client/Consultant Model Services Agreement, General Conditions, Fourth Edition, 2006**, published by the Federation Internationale des Ingenieurs-Conseils (FIDIC).

The consultants will also be required to sign a non-disclosure agreement (NDA).

See Annex A - Sample Form of Agreement and non-disclosure agreement

## **2. Acknowledgment of Non-Binding Procurement Process**

The proponent acknowledges that the RFP process will be governed by the terms and conditions of the RFP, and that, among other things, such terms and conditions confirm that this procurement process does not constitute a formal, legally binding bidding process (and for greater certainty, does not give rise to a Process Contract bidding process), and that no legal relationship or obligation regarding the procurement of any good or service will be created between the Government and the proponent unless and until the Government and the proponent execute a written agreement for the Deliverables.

## **3. Ability to Provide Deliverables**

The proponent has carefully examined the RFP documents and has a clear and comprehensive knowledge of the Deliverables required. The proponent represents and warrants its ability to provide the Deliverables in accordance with the requirements of the RFP for the rates set out in its proposal.

## **4. Non-Binding Pricing**

The proponent has submitted its pricing in accordance with the instructions in the RFP and in Pricing (Appendix C) in particular. The proponent confirms that the pricing information provided is accurate. The proponent acknowledges that any inaccurate, misleading or incomplete information, including withdrawn or altered pricing, could adversely impact the acceptance of its proposal or its eligibility for future work.

## **5. Addenda**

The proponent is requested to confirm that it has received all addenda by listing the addenda numbers, \_\_\_\_\_ to \_\_\_\_\_ (if applicable) issued by the Government, or if no addenda were issued by the Government write the word "None". The onus is on proponents to make any necessary amendments to their proposals based on the addenda. The proponent confirms it has read, received and complied with these addenda. Proponents who fail to complete this section will be deemed to have received all posted addenda.

## **6. No Prohibited Conduct**

The proponent declares that it has not engaged in any conduct prohibited by this RFP.

## **7. Conflict of Interest**

Proponents must declare all potential Conflicts of Interest, as defined in section 3.4.1 of the RFP. This includes disclosing the names and all pertinent details of all individuals (employees, advisers, or individuals acting in any other capacity) who (a) participated in the preparation of the proposal; **AND** (b) were employees of the Government within twelve (12) months prior to the Submission Deadline.

If the box below is left blank, the proponent will be deemed to declare that (a) there was no Conflict of Interest in preparing its proposal; and (b) there is no foreseeable Conflict of Interest in performing the contractual obligations contemplated in the RFP.

Otherwise, if the statement below applies, check the box.

- The proponent declares that there is an actual or potential Conflict of Interest relating to the preparation of its proposal, and/or the proponent foresees an actual or potential Conflict of Interest in performing the contractual obligations contemplated in the RFP.

If the proponent declares an actual or potential Conflict of Interest by marking the box above, the proponent must set out below details of the actual or potential Conflict of Interest:

## APPENDIX C – PRICING

### 1. Instructions on How to Provide Pricing

- (a) Proponents should provide the information requested under section 3 below (“Required Pricing Information”) by reproducing and completing the table below in their proposals, or, if there is no table below, by completing the attached form and including it in their proposals.
- (b) Pricing must be provided in Bermuda funds, inclusive of all applicable duties and taxes, which should be itemized separately.
- (c) Pricing quoted by the proponent must be all-inclusive and must include all labour and material costs, all travel and carriage costs, all insurance costs, all costs of delivery, all costs of installation and set-up, including any pre-delivery inspection charges, and all other overhead, including any fees or other charges required by law.

### 2. Evaluation of Pricing

Pricing is worth 25 points of the total score.

Unless stated otherwise in the RFP documents, the Agreement shall be for the whole works as detailed in these documents and based on the completed pricing information, as submitted by the proponent.

The proponent shall fill in separate prices for all items of works described in the Price Breakdown. Items against which no price is entered by the Proponent will not be paid for by the Government when executed and shall be deemed covered by the other lump sum prices in the Price Breakdown.

Pricing will be scored based on a relative pricing formula using the rates set out in the pricing form. Each proponent will receive a percentage of the total possible points allocated to price for the particular category it has bid on, which will be calculated in accordance with the following:

Pricing points shall be awarded on a linear scale, using the Government’s existing in-house estimate as an absolute reference point. Specifically, the pricing formula is:

$$= \max \left( \min \left( \text{round} \left( 25 * \left( \frac{4}{3} - \frac{2}{3} \frac{BID}{ESTIMATE} \right), 0 \right), 25 \right), 0 \right)$$

This formula steps down in whole numbers from full points at 50% of the estimate to zero points at 200% of the estimate. Bids exceeding twice the estimate shall receive zero pricing points.

In addition to any rectification processes, or rights to verify, clarify and supplement,

- (a) The Government will examine the responses to determine whether they are complete, whether any computational errors have been made, whether the documents have been properly signed, and whether the bids are generally in order.
- (b) Arithmetical errors will be rectified on the following basis:
  - (i) Where there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected. If the Proponent does not accept the correction of errors, its Bid will be rejected;

- (ii) Where there is a discrepancy between the amounts in figures and in words, the amounts in words will govern; and
- (iii) Where there is a discrepancy between the individual lump sums and the total amounts derived for the sum of the individual lump sum, the individual lump sum as quoted will govern, and the total amount will be corrected.

### **3. Required Pricing Information**

See Annex B - Independent Check Pricing Form

## APPENDIX D – RFP PARTICULARS

### A. THE DELIVERABLES

The Government of Bermuda is seeking proposals from parties to conduct a Category 3 Independent Check of the Swing Bridge and Longbird Bridge replacement structures. This includes examination of the final construction drawings, bar schedules, functional specifications and proposed construction sequence, using comparative calculations by a team of engineers that are independent of the designer's organisation.

The Swing Bridge Replacement (SBR) is a seven span viaduct with a bascule bridge span over the main navigation channel. The Longbird Bridge Replacement (LBR) consist of a fixed single span pair of steel tied arches.

#### **Independent Check**

The Independent Check deliverable includes a comprehensive examination of all aspects of the design, drawings, specifications, and bar bending schedules of the proposed SBR and LBR. It also includes the preparation and submittal of a summary report and submittal of Independent Check Certificates for each bridge and a separate check certificate for the Mechanical and Electrical Installations of SBR.

#### Independent Check Definitions

##### Category 3 Check Definition

The Category 3 independent check requires a check of the assessments, designs, drawings and bar bending schedules to be carried out by a Checking Team from a separate organisation agreed by the Overseeing Organisation.

##### Overseeing Organisation

This refers to the Structures Department of the Ministry of Public Works, Bermuda Government.

##### Designer

The Organisation responsible for the overall designs.

##### Design Team

The design team is a group of engineers responsible for the designs comprising an appropriate mix of specialists under the direction of a Design Team Leader.

##### Checker

The organisation responsible for the independent check of the design or assessment.

##### Check Team

The group of Engineers responsible for the independent check of the designs. It may comprise an appropriate mix of specialists under the direction of a Check Team Leader.

##### Team Leader

The person responsible for overseeing and coordinating the work of the Design or Check Team and having authority to sign on behalf of the team. The Team Leader must be

appropriately qualified and competent in relevant fields of engineering related to the work and is to be a Chartered Member of a relevant Institution or suitable equivalent.

#### Principal

A senior representative of the Designer or Checker, having authority to sign certificates on its behalf.

#### Technical Approval Authority (TAA)

The Technical Approval Authority is the organisation responsible for agreeing the Approval in Principle and subsequently accepting the relevant certificates. The TAA is the Structures Department of the Ministry of Public Works, Bermuda Government. Where signing authority is required, it shall be from the Principal Structural Engineer.

#### AIP

The Approval In Principle (AIP) documents record the agreed basis and criteria for the detailed design of the replacement structures and associated mechanical and electrical equipment. The AIPs comply with the UK National Standards (Eurocodes).

#### Departure

Criterion, which departs from, or is an aspect not covered by, the standards contained in the Technical Approval Schedule.

#### Check Approval in Principle (Check AIP)

The Check AIP documents record the agreed basis and criteria for the design check. It must include the following design basis criteria as they are specified in the original AIPs where appropriate, and clearly identify where alternatives are proposed:

1. In-service condition (for bridges open to vehicle traffic) loading such as permanent, traffic, wind, thermal, accidental, wave, hydrodynamic and seismic loading.
2. Special loading (such as the lifting case loading of the Swing Bridge Replacement) including wind loading during operation/opening of the bridge.
3. Fatigue vehicle, number of cycles for fatigue loading and specific to fatigue loading requirements. Fatigue checks must be undertaken for the relevant quantified service category of the structure as this is specified in the Proposal's drawings.
4. Specific loading requirements for plant room and accessways as well as loading requirements for inspection and maintenance.
5. Concrete cover requirements.
6. Crack width requirements for concrete elements.
7. Durability, material and finishes requirements for the equivalent materials to US standards. Corrosion allowances for the corrosion protection of steel elements of the structures must also be included.

Analysis and assessment of temporary effects during relevant stages of bridge erection should also be included, as well as any permanent effects due to the selected construction sequence.

#### Independent Checking Procedure

1. The Checker shall carry out a comprehensive examination of all aspects of the design, specifications and any proposed Departure where required by the TAA, including Specification clauses that affect structural integrity e.g. new materials, and shall ensure

that it complies with the Overseeing Organisation's requirements. The Checker shall ensure that the calculations are translated accurately into design details and drawings, specification clauses or assessed capacities. All designs and drawings, together with bar bending schedules, must be checked.

2. The Checker shall be responsible for checking, with due professional skill and care, in accordance with the agreed AIP. During checking the Checker shall draw the attention of the Designer or Assessor and TAA to any aspect of the agreed AIP where changes are considered necessary. The agreement of the TAA to variations in the AIP must be confirmed. Any disagreement arising between Checker and Designer that they cannot resolve must be notified immediately to the TAA.
3. The Checker's analytical work shall be independent of that of the Designer or Assessor and carried out without exchange of calculation sheets or similar information between the Designer or Assessor and the Checker.
4. The Checker shall be responsible for the applicability and accuracy of all computer programs used in the check and shall ensure the validity of the programs for each application.
5. The method of analysis employed by the respective teams need not be the same but the Designer or Assessor and the Checker should consult with each other during the course of their work to ensure that the results they are obtaining are comparable.
6. The agreement of the AIP or acceptance of the certificates by the TAA does not relieve the Checker of any of their responsibilities including the validity and arithmetical correctness of the calculations, methods and techniques and their translations into design details and drawings, specification clauses or assessed capacities.
7. It is not necessary to await the completion of the design/assessment before commencing checking. Both activities of design/assessment and checking may proceed in parallel as far as is practicable.

#### Independent Check Certificates

1. The check certificates are required to be signed to declare the satisfactory completion of the work involved and that the organisations concerned have exercised due professional skill and care. The TAA may call a pre-certification meeting with the Designer and the Checker, to discuss their findings prior to accepting certificates.
2. The Checker must endorse each check certificate as appropriate, which will be countersigned where required upon acceptance by the TAA. All signatories to certificates must be competent in the field of work undertaken and have relevant experience and appropriate engineering qualifications, which must be clearly indicated on the certificate along with their name and position in their organisation. One signatory from the Checker must be the Team Leader and the other must be a Principal of the organisation concerned. The signatory for the TAA will be a person delegated to undertake this task on its behalf.
3. The Check certificates must refer to the relevant AIP and any addenda by their respective dates of agreement by the TAA and any Departures.
4. The Mechanical and Electrical Installations check certificates must confirm that the principles in the AIP are valid and that they have been translated into appropriate levels of equipping, design and specification. It must also confirm that sufficient information has been provided to enable the detailed design of the installation to be developed and completed in accordance with the Overseeing Organisation's requirements and that details of work tests for equipment/systems tested at the manufacturer's work site and commissioning trials have been specified for the purpose of performance verification and formal handover.

See Annex H for Sample Independent Check Certificates.

### **Technical Constructability**

This deliverable includes the review of contract documents from a construction perspective to assure clarity of documents, technical constructability, compatibility of contract plans, specifications and applicable standards, subsurface data and ease of material acquisition. The emphasis should be primarily focused on how the documents propose the operation to be built. Comments on efficiency, cost effectiveness, buildability and maintainability should be included.

The constructability review includes the report of findings and cost savings report.

### **Secondment Opportunity**

A key objective of the Ministry of Public Works is to provide training opportunities to our staff, especially our Trainee Engineers and Summer Students. The Ministry considers this project to be an excellent opportunity for training.

It is proposed that a trainee engineer/summer student be seconded to the successful bidder's design team for a period of 3 months. This may be during the independent checking timeline or after.

- a. The cost of the secondment (salary, expenses, etc) will be the responsibility of the Ministry of Public Works.
- b. The successful proponent will be expected to assist with immigration and/or work permits if required.
- c. The successful proponent will be required to provide a training plan and details of the projects and tasks the intern will be exposed to.

Proponents are asked if they are willing to agree in principle to such an arrangement, and to provide an overview of current training programs offered and opportunities.

## **B. MATERIAL DISCLOSURES**

N/A

## **C. MANDATORY SUBMISSION REQUIREMENTS**

### **1. Submission Form (Appendix B)**

Each proposal must include a Submission Form (Appendix B) completed and signed by an authorized representative of the proponent.

### **2. Pricing (Appendix C)**

Each proposal must include pricing information that complies with the instructions contained in Pricing (Appendix C).

### **3. Certificate of Confirmation of Non-Collusion (Appendix E)**

Each proposal must include a Certificate of Confirmation of Non-Collusion Form (Appendix E) completed and signed by an authorized representative of the Proponent.

### **4. Company Certificate of Incorporation**

A signed copy of the Certificate of Incorporation must be included for proponents that are companies/corporations.

### **5. Joint Venture Submission Requirements**

Proposals submitted by a joint venture of two or more firms as partners shall comply with the following requirements:

1. The proposal, and in the case of a successful proponent, the Form of Agreement shall be signed so as to be legally binding on all partners;
2. One of the partners shall be nominated as being in charge, and this authorization shall be evidenced by submitting a power of attorney signed by legally authorized signatories of all the partners;
3. The partner in charge shall be authorized to incur liabilities and receive instructions for and on behalf of any and all partners of the joint venture, and the entire execution of the contract including payment shall be done exclusively with the partner in charge;
4. All partners of the joint venture shall be liable, jointly and severally, for the execution of the Contract in accordance with the Contract terms and a relevant statement to this effect shall be included in the authorization mentioned under point 2 above as well as in the Submission Form and the Form of Agreement (in the case of a successful Proponent); and
5. A copy of the joint venture agreement entered into, by the joint venture partners, shall be submitted with the proposal.

### **6. Bank Reference Letter**

A signed copy of Company bank account must be included for proponents that are foreign companies/corporations.

### **7. Method Statement and Timeline**

The proponent must provide a detailed method statement with the applicable timetable for all deliverables. The method statement will be used to judge the understanding of the works, capacity to meet the schedule and requirements of the tender, and assumptions for pricing.

Method Statement for each key activity should show proposed team and general methodology for carrying out the Work.

The Method Statement should be related to activities shown on the Timetable. Timetable milestones will include but not be limited to the following:

- a) Review of background information
- b) Analysis and capacity checks
- c) Report preparation

## **8. Submission Checklist**

The checklist is provided as guidance for a complete proposal. It does not need to be completed by the proponent.

See Annex C - Submission Checklist

## **D. MANDATORY TECHNICAL REQUIREMENTS**

### **Similar Experience**

Proponents must have extensive experience within the past seven years successfully designing or performing Category 3 independent checks of similar movable bridges; tied arch bridges; and bridge structures with orthotropic decks and composite decks. The team should demonstrate that it has qualifications commensurate with the complexity of the respective bridge designs.

Proposals may be submitted by Structural Engineering Consultants, or Structural Engineering Consultants with sub-consultants as needed to provide the professional team and necessary equipment capable of completing the Scope of Work.

Proposals submitted by a Consultant with Sub-consultants shall comply with the following requirements:

- a. The Consultant shall note the names of the proposed Sub-consultants in their tender submission;
- b. The Tender documents and any Contract documents pursuant hereto shall be signed by the Consultant only; and
- c. The Consultant shall be liable, solely, for the execution of the Contract in accordance with the Contract terms.
- d. Include a Letter of Agreement with local sub-consultants selected.

## **E. PRE-CONDITIONS OF AWARD**

### **1. Financial Checks**

Prior to awarding a contract to the selected proponent, the contracting department will perform financial checks to confirm whether the proponent is delinquent in making payments to the Government for Social Insurance contributions, Payroll Tax or any other debt recorded by the Accountant General's Debt Collection Section, and will perform a check with the Bermuda Registrar of Companies to confirm whether the proponent is a proper legal entity that is in good standing.

### **2. Proof of Insurance**

The successful proponent shall furnish the Government with certificates showing the type, amount, class of operations covered, effective dates, and date of expiration of policies as may be expected. Such certificates shall also contain substantially the following statement: The insurance covered by this certificate will not be canceled or materially altered, except after thirty (30) calendar days written notice has been received by the Government. (Endorsements to the Policy that name the Government as an Additional insured and establishment of cancellation notice are required).

Certificates should be submitted within 10 calendar days after award of contract and before any work begins at the site.

## F. RATED CRITERIA

The following sets out the categories, weightings and descriptions of the rated criteria of the RFP. Proponents who do not meet a minimum threshold score for a category will not proceed to the next stage of the evaluation process.

#	Category	Weighting (%)	Threshold
1	Pricing	25	N/A
2	Experience, References, Method and Schedule	45	30/45
3	Local Benefits	30	N/A
<b>Total Points</b>		100	

### 1. Pricing

See Appendix C - Pricing

### 2. Experience, References, Method and Schedule

The bidder should show in its proposal sufficient evidence to be able to answer the following questions when each proposal is evaluated:

- Does the bidder clearly demonstrate the ability to meet the Government's requirements?
- Does the project team understand the project scope?
- Does the bidder offer evidence of experience with projects of a similar technical level?
- Can the proponent lead, facilitate, and coordinate project planning and execution?
- Has the bidder performed well on previous public sector organization projects?
- Were the bidder's referees positive about their experience of working with the contractor/vendor/supplier, and would they use the bidder again?
- Has the bidder presented a comprehensive and achievable schedule?
- Is the bidder able to complete the work within the required timeframe?
- Does the proponent have the support capability required?
- Do the persons who will be working on the project have the necessary skills?
- Are sufficient people with the requisite skills assigned to the project?
- Does the bidder offer evidence that they have sufficient, suitably experienced resources available to complete the work?
- Does the bidder have a good track record of ensuring the health, safety, and welfare at work for all their employees?

The proponent is requested to provide:

1. a brief description of the proponent;
2. identification of a Project Manager and names and qualifications, knowledge, skills and experience relative to the Deliverables of personnel of the proposed team to be assigned to the contract;
3. chart representing the proposed organizational structure for the team;
4. the "Qualifications and References Form"; and

5. a minimum of three (3) references from clients who have obtained goods or services similar to those requested in this RFP from the proponent in the last seven (7) years.

See Annex D - Qualifications and References Form

### **3. Local Benefits**

The local benefit considerations will be given to each of the following factors when proposals are evaluated:

- Number of Bermudians employed by the bidder;
- Engagement of Bermudian employees (%) during the project;
- If the proponent a specified business;
- Use of specified business as subcontractors (if applicable);
- Use of specified businesses in the proponent's supply chain;
- Does the proponent offer evidence of providing mentoring, apprenticeships or training opportunities for Bermudians? or is the proponent willing to offer them?
- Is the proponent willing to offer internship or secondment opportunities for Bermudians in this project?
- Does the proponent offer evidence of having a detailed training plan in case of a secondment opportunity for a Bermudian?
- Safety and health policy
- Safety and health record of the proponent for the three immediately preceding years of reporting
- Environmental considerations policy (each proponent to provide a copy)
- Sustainable goods and/or services policy

See Annex E - Local Benefits Form

## APPENDIX E – CERTIFICATE OF CONFIRMATION OF NON-COLLUSION

### Notes for the proponents

The essence of Open Tendering is that the Government of Bermuda shall receive bona fide competitive proposals from suitably qualified persons or entities. In recognition of this principle, each person or entity that submits a proposal will be required, by way of the signature of a duly authorized representative of the company, to confirm that the proposal has been submitted without any form of collusion.

All proponents must complete and sign a Certificate of Confirmation of Non-Collusion. Any proposals submitted which do not include a signed copy of the Certificate will be wholly rejected and will not be included in the evaluation process.

If it is later found that the undertakings made below have been breached at any stage of the procurement process, then the proponent will be expelled from the process immediately. In the event that this is discovered after a contract award, legal action may be taken against the proponent and/or any party involved in the matter.

Any proponent that submits false information in response to this Request for Proposals (RFP), and any other person or entity involved in collusion, may be excluded from competing for future contracts tendered by the Government of Bermuda.

### Confirmation of non-collusion

I/We certify that this is a bona fide proposal, intended to be competitive and that I/We have abided by the terms and conditions related to this proposal and that I/We have not fixed or adjusted the amount of the proposal or the rates and prices quoted by or under or in accordance with any agreement or arrangement with any other person.

I/We confirm that we have not received any information, other than that contained within the RFP pack, or supplementary information provided to all proponents.

I/We also certify that I/We have not done and undertake that I/We will not do at any time any of the following acts:

- (a) communicating to a person other than the RFP Contact the amount or approximate amount of my/our proposed proposal (other than in confidence in order to obtain quotations necessary for the preparation of the proposal for insurance);
- (b) entering into any agreement or arrangement with any other person that he shall refrain from competing or as to the amount of any proposal to be submitted; or
- (c) offering or agreeing to pay or give or paying any sum of money, inducement, gift /hospitality or valuable consideration directly or indirectly to any person in relation to this procurement.

By signing this document, I/we have read and agree to its terms and conditions.
