

| Step 1: Get a COVID-19 PCR Test* | Step 2: Apply for Travel Authorisation (TA) | Step 3: Travel | Step 4: Arrival | Step 5: On Island |
|--|---|---|--|--|
| <ol style="list-style-type: none"> 1. Negative COVID-19 PCR test result taken no more than 5 days before arrival in Bermuda. (For example, a pre-arrival COVID-19 PCR test taken on 4th December, will be valid for arrival until 9th December.) 2. Must be performed by an accredited laboratory. 3. Test result must show traveller's full name, date of birth, date of the test, test result, and the name and contact of the laboratory. 4. The test result must* be uploaded to the Travel Authorisation. | <ol style="list-style-type: none"> 1. Complete the TA application between 1 to 3 days before departure. One for each traveller. 2. Upload a negative PCR COVID-19 test result taken no more than 5 days before arrival in Bermuda. ** 3. Complete personal and health information. 4. The fee is \$75 for 10-year-olds and up, \$30 for 9-years-old and younger. Only Visa and Mastercard are accepted. 5. Sign the TA agreeing to comply with all quarantine and testing requirements. Parents must consent for testing for children 10 to 17-years-old. Without consent, the child (ren) must quarantine for 14-days. 6. Keep an electronic or hard copy of the TA to show the airline to be able to board. | <ol style="list-style-type: none"> 1. Show the airlines an electronic or hard copy of your TA 2. Wear a mask in all public places. Children under the age of 2 must NOT wear a mask. 3. Bring a thermometer. 4. Keep physical distance at all times. 5. Visitors must have Health Insurance to cover illness outside of your jurisdiction including COVID-19 related illness. | <ol style="list-style-type: none"> 1. Show an electronic or hard copy of your TA to the Health Officer. 2. Undergo COVID-19 PCR testing at the airport. You must immediately quarantine until you receive a negative test result (turnaround time is generally less than 24 hours, though results may take longer depending on arrival time). 3. Wear a traveller wristband for 14 days. | <ol style="list-style-type: none"> 1. Take a taxi or private resident vehicle to your accommodation – NOT public transport. 2. Quarantine in your room at your accommodation until arrival test results received. Residents without a pre-arrival COVID-19 PCR test MUST quarantine until negative day 8 test results, and wear a quarantine bracelet* 3. Travellers with a pre-arrival PCR COVID-19 test, test on day 4, 8 and 14. You will be booked into your days and times. These will be emailed to you 24 hours before. 4. Monitor your health and record your temperature twice daily and any symptoms. |

*Required for visiting adults and children age 10 to 17 –years-old. Residents are strongly encouraged to get a negative COVID-19 PCR test result before returning to Bermuda.

Residents without a pre-arrival COVID-19 PCR test, must quarantine until day 8 negative test results and test again on day 14. Residents will be charged \$300 on arrival for their quarantine bracelet, and fitted with the bracelet. The bracelet pairs with a phone app. If a resident does not want to download the phone app on their personal phone, they will be issued a phone for an additional \$50 rental charge.

** Negative COVID-19 PCR Test must be uploaded to obtain a Travel Authorisation. The test result will be vetted before the Travel Authorisation is approved. Children 9-years-old or younger must upload a government issued photo ID as proof of age.
