**Apprentice Programme**
The Department had the assistance of a technician from MAN who has assisted them greatly. While on Island the technician willingly passed on valuable knowledge to our DPT staff. DPT continues to sponsor the technical development of Bermudians via a cooperative arrangement with the National Training Board.

DPT requests funding to purchase replacement and replenishment buses on an annual basis. New buses serve to reduce the weighted average age of the fleet and increase fleet reliability by providing for the retirement of buses that are less reliable and increasingly costly to operate.
